"178.635. 1. The board of regents of Linn State Technical College shall organize in the manner provided by law for the board of curators of the University of Missouri. The powers, duties, authority, responsibilities, privileges, immunities, liabilities and compensation of the board of Linn State Technical College in regard to Linn State Technical College shall be the same as those prescribed by statute for the board of curators of the University of Missouri in regard to the University of Missouri, except that Linn State Technical College shall be operated only as a state technical college. Nothing in this section shall be construed to authorize Linn State Technical College to become a community college or a university offering four-year or graduate degrees.

2. All lawful bonded indebtedness incurred by the issuance of revenue bonds, as defined in section 176.010, RSMo, by Linn **State** Technical College, shall **not** be deemed to be an indebtedness of the **state of Missouri or the** board of regents of Linn State Technical College, **pursuant to section 176.040, RSMo** [after the date upon which the conditions of section 178.631 are met. Such indebtedness shall be retired through tuition revenues].

For a project where associated program costs are greater than five hundred thousand dollars, the agreement may not exceed a period of eight years. No agreement shall be entered into between an employer and a community college district **or state technical college** which involves the training of potential employees with the purpose of replacing or supplanting employees engaged in an authorized work stoppage;

"Industry" does not include a business which closes or substantially reduces its operation in one area of the state and relocates substantially the same operation in another area of the state. This does not prohibit a business from expanding its operations in another area of the state provided that existing operations of a similar nature are not closed or substantially reduced;

(8) "New job", a job in a new or expanding industry not including jobs of recalled workers, or replacement jobs or other jobs that formerly existed in the industry in the state;

178.893. A community college district **or a state technical college**, with the approval of the department of economic development in consultation with the office of administration, may enter into an agreement to establish a project and provide program services to an employer. As soon as possible after initial contact between a community college district **or a state technical college** and a potential employer regarding the possibility of entering into an agreement, the district **or college** shall inform the division of job development and training of the department of economic development and the office of administration about the potential project. The division of job development and training shall evaluate the proposed project within the overall job training efforts of the state to ensure that the project will not duplicate other job training programs. The department of economic development shall have fourteen days from receipt of the application to approve or disapprove projects. If no response is received by the community college **or the state technical college** within fourteen days the projects are approved. Any project that is disapproved must be in writing stating the reasons for the disapproval. If an agreement is entered into, the district and the employer shall notify the department of revenue within fifteen calendar days. An agreement may provide, but is not limited to:

(1) Payment of program costs, including deferred costs, which may be paid from one or a combination of the following sources:

(a) Funds appropriated by the general assembly from the Missouri junior college job training program fund and disbursed by the division of job development and training in respect of new jobs credit from withholding to be received or derived from new employment resulting from the project;

(c) Guarantee of payments to be received under paragraph (a) or (b) of this subdivision;

(2) Payment of program costs shall not be deferred for a period longer than ten years if program costs do not exceed five hundred thousand dollars, or eight years if program costs exceed five hundred thousand dollars from the date of commencement of the project;

(3) Costs of on-the-job training for employees, shall include wages or salaries of participating employees. Payments for on-the-job training shall not exceed the average of fifty percent of the total percent of the total wages paid by the employer to each participant during the period of training. Payment for on-the-job training may continue for up to six months after the placement of the participant in the new job;

(4) A provision which fixes the minimum amount of new jobs credit from withholding, or tuition and fee payments which shall be paid for program costs;

(5) Any payment required to be made by an employer is a lien upon the employer's business property until paid and has equal precedence with ordinary taxes and shall not be divested by a judicial sale. Property subject to the lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at tax sale obtain the property subject to the remaining payments.

178.894. If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, such new jobs credit from withholding shall be determined and paid as follows:

(1) New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs;

(2) A portion of the total payments made by the employer pursuant to section 143.221, RSMo, shall be designated as the new jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the employer for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the employer for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the employer pursuant to section 143.221, RSMo, shall be credited to the Missouri junior college job training fund by the amount of such difference. The employer shall remit the amount of the new jobs credit to the department of revenue in the manner prescribed in section 178.896. When all program costs, including the principal of, premium, if any, and interest on the certificates have been paid, the employer credits shall cease;

(3) The community college district **or the state technical college** participating in a project shall establish a special fund for and in the name of the project. All funds appropriated by the general assembly from the Missouri community college job training program fund and disbursed by the division of job development and training for the project and other amounts received by the district **or college** in respect of the project and required by the agreement to be used to pay program costs for the project shall be deposited in the special fund. Amounts held in the special fund may be used and disbursed by the district **or college** only to pay program costs for the project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in investments which are legal for the investment of the district's other funds;

(4) Any disbursement in respect of a project received from the division of job development and training under the provisions of sections 178.892 to 178.896 and the special fund into which it is paid may be irrevocably pledged by a junior college district **or a state technical college** for the payment of the principal of, premium, if any, and interest on the certificate issued by a junior college district **or a state technical college** to finance or refinance, in whole or in part, the project;

(5) The employer shall certify to the department of revenue that the credit from withholding is in accordance with an agreement and shall provide other information the department may require;

(6) An employee participating in a project will receive full credit for the amount designated as a new jobs credit from withholding and withheld as provided in section 143.221, RSMo;

(7) If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, the provisions of this subsection shall also apply to any successor to the original employer until such time as the principal and interest on the certificates have been paid.

178.895. 1. To provide funds for the present payment of the costs of new jobs training programs, a community college district **or a state technical college** may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri community college job training program to the special fund established by the district **or the college** for each project. The total amount of outstanding certificates sold by all junior college districts **and the state technical college** shall not exceed twenty million dollars, unless an increased amount is authorized in writing by a majority of members of the Missouri job training joint legislative oversight committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170, RSMo, to the contrary. However, chapter 176, RSMo, does not apply to the issuance of these certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

2. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

3. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates is final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

4. The board of trustees shall determine if revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

5. Certificates issued under this section shall not be deemed to be an indebtedness of the state [or], the community college district, **the state technical college** or of any other political subdivision of the state and the principal and interest on such certificates shall be payable only from the sources provided in subdivision (1) of section 178.893 which are pledged in the agreement.

6. The department of economic development shall coordinate the new jobs training program, and may promulgate rules that districts **and the state technical college** will use in developing projects with new and expanding industrial new jobs training proposals which shall include rules providing for the coordination of such proposals with the service delivery areas established in the state to administer federal funds pursuant to the federal Job Training Partnership Act. No rule or portion of a rule promulgated under the authority of sections 178.892 to 178.896 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

7. [No] A community college district [may] **and the state technical college shall not** sell certificates as described in this section after July 1, 1998.

178.896. 1. There is hereby established within the state treasury a special fund, to be known as the "Missouri Community College Job Training Program Fund", to be administered by the division of job development and training. The department of revenue shall credit to the community college job training program fund, as received, all new jobs credit from withholding remitted by employers pursuant to section 178.894. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the community college job training program fund. Moneys in the Missouri community college job training program fund shall be disbursed to the division of job development and training pursuant to regular appropriations by the general assembly. The division shall disburse such appropriated funds in a timely manner into the special funds established by community college districts **and the state technical college** for projects, which funds shall be used to pay program costs, including the principal of, premium, if any, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the division of job development and training shall be made to the special fund for each project in the same proportion as the new jobs credit from withholding remitted by the employer participating in such project bears to the total new jobs credit from withholding remitted by all employers participating in projects during the period for which the disbursement is made. Moneys for new jobs training programs established under the provisions of sections 178.892 to 178.896 shall be obtained from appropriations made by the general assembly from the Missouri community college job training program fund. All moneys remaining in the Missouri community college job training program fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, RSMo, but shall remain in the Missouri community college job training program fund.

2. 6. The director of revenue shall establish a procedure by which a taxpayer can determine if a facility has been classified as a maternity home, and by which such taxpayer can then contribute to such maternity home and claim a tax credit. If a maternity home fails to use all, or some percentage to be determined by the director of revenue, of its apportioned tax credits during this predetermined period of time, the director of revenue may reapportion these unused tax credits to those maternity homes that have used all, or some percentage to be determined by the director of revenue, of their apportioned tax credits during this predetermined period of time. The director of revenue may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of revenue shall establish the procedures described herein in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

Further amend the title and enacting clause accordingly.

Senator Kinder moved that the above amendment be adopted.

Senator Maxwell raised the point of order that **SA 3** is out of order in that the amendment goes beyond the scope of the bill and is therefore not germane.

The point or order was referred to the President Pro Tem, who ruled it well taken.

135.503. 1. An investor shall be entitled to take up to ten percent of the vested credit in any taxable year of the investor. Any time after three years after the effective date of this act, the director, with the approval of the commissioner of administration, may reduce the applicable percentage on a prospective basis. 2. The credit against state premium tax liability which is described in subsection 1 of this section may not exceed the state premium tax liability of the investor for any taxable year. All such credits against state premium tax liability may be carried forward indefinitely until the credits are utilized.

3. The aggregate amount of certified capital for which earned and vested credits against state premium tax liability are allowed for all persons pursuant to sections 135.500 to 135.529 shall not exceed the following amounts: for calendar year 1996, \$0.00; for calendar year 1997, an amount which would entitle all Missouri certified capital company investors to take aggregate credits of five million dollars; for calendar year 1998, an amount which would entitle all Missouri certified capital company investors to take aggregate credits of seven million five hundred thousand dollars; and for any year thereafter, an amount to be determined by the director, and with the approval of the commissioner of administration, provided that the amount so determined shall not impair the ability of an investor with earned and vested credits which have been allowed in previous years to take them, pursuant to subsection 1 of section 135.503. During any calendar year in which the limitation described in this subsection will limit the amount of certified capital for which earned and vested credits against state premium tax liability are allowed, certified capital for which credits are allowed will be allocated in order of priority based upon the date of filing of information described in subdivision (1) of subsection 5 of section 135.516. Certified capital limited in any calendar year by the application of the provisions of this subsection shall be allowed and allocated in the immediately succeeding calendar year in the order of priority set forth in this subsection.

4. The department shall advise any Missouri certified capital company, in writing, within fifteen days after receiving the filing described in subdivision (1) of subsection 5 of section 135.516 whether the limitations of subsection 3 of this section then in effect will be applicable with respect to the investments and credits described in such filing with the department. If any Missouri certified capital company does not receive any notice from the department within such fifteen-day period, then the limitation described in subsection 3 of this section shall not be applicable with respect to the investment and tax credits which are described in such filing with the department.

135.505. A Missouri certified capital company shall have a funding period of one year from the date of receiving certification from the director. All investments in the Missouri certified capital company shall be made within such three hundred sixty-five day funding period.

135.508. The department may certify profit or not for profit entities which submit an application to be designated as a Missouri certified capital company. The department shall review the organizational documents for each applicant for certification and the business history of the applicant, determine that the Missouri certified capital company's cash, marketable securities and other liquid assets are at least five hundred thousand dollars, determine that the liquid asset base for certified companies is at least five hundred thousand dollars at all times during the company's participation in the program authorized by sections 135.500 to 135.529, and determine that the officers and the board of directors, partners, trustees or managers are thoroughly acquainted with the requirements of sections 135.500 to 135.529 and have significant experience in managing entities which provide venture capital and financing assistance in a manner which is similar to that required of a Missouri certified capital company. No insurance company licensed by or transacting business in Missouri shall, individually or with or through one or more affiliates, be a managing general partner of or control the direction of investments of a Missouri certified capital company. Within seventy-five days of application, the department shall either issue the certification and notify the department of revenue and the director of the department of insurance of such certification or shall refuse the certification and communicate in detail to the applicant the grounds for the refusal, including the suggestions for the removal of those grounds. The department shall be responsible for the administration of the tax credits authorized by sections 135.500 to 135.529.

135.516. 1. To continue to be certified, a Missouri certified capital company shall make qualified investments according to the following schedule:

(1) Within two years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least twenty-five percent of its certified capital shall be, or have been, placed in qualified investments;

(2) Within three years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company at least forty percent of its certified capital shall be, or have been, placed in qualified investments;

(3) Within four years after the date on which a Missouri certified capital company is designated as a Missouri certified capital company, at least fifty percent of its total certified capital shall be, or have been, placed in qualified investments;

(4) A certified capital company, at least fifteen working days prior to making what it determines to be an initial qualified investment in a specific qualified Missouri business, shall certify to the department that the company in which it proposes to invest meets the definition of a qualified Missouri business pursuant to subdivision (14) of subsection 2 of section 135.500. The certified capital company shall state the amount of capital it intends to invest and the name of the business in which it intends to invest. The certified capital company shall also provide to the department an explanation of its determination that the business meets the definition of a qualified Missouri business. If the department determines that the business does not meet the definition of a qualified Missouri business, it shall, within the fifteen working day period prior to the making of the proposed investment, notify the certified capital company of its determination and an explanation thereof. If the department fails to notify the certified capital company with respect to the proposed investment within the fifteen

working day period prior to the making of the proposed investment, the company in which the certified capital company proposes to invest shall be deemed to be a qualified Missouri business. If a certified capital company fails to notify the department prior to making an initial investment in a business, the department may subsequently determine that the business in which the certified capital company invested was not a qualified Missouri business even though the business, at the time of the investment, met the requirements of subdivision (14) of subsection 2 of section 135.500;

(5) All certified capital which is not required to be placed in qualified investments or which has been placed in qualified investments and can be received by the company, may be held or invested in such manner as the Missouri certified capital company, in its discretion, deems appropriate. The proceeds of all certified capital which is received by a certified capital company after it was originally placed in qualified investments may be placed again in qualified investments and shall count toward any requirement in sections 135.500 to 135.529 with respect to placing certified capital in qualified investments.

2. A certified capital company may make qualified distributions to its equity owners at any time. In order to make distributions to the equity owners of a certified capital company, however, a certified capital company must have placed one hundred percent of its certified capital in investments. Distributions or payments to debt holders of a certified capital company, however, may be made without restriction with respect to debt owed to them by a certified capital company. A debt holder that is also an equity holder of a certified capital company may receive distributions or payments with respect to such debt without restriction. Once a certified capital company has placed one hundred percent of its certified capital in qualified investments and has met all other requirements under sections 135.500 to 135.529, it shall no longer be subject to regulation by the department.

3. No qualified investment may be made at a cost to a Missouri certified capital company greater than fifteen percent of the total certified capital under management of the Missouri certified capital company at the time of investment. A Missouri certified capital company may not make an investment in an affiliate of the certified capital company. For the purposes of this subsection, if a legal entity is not an affiliate before a certified capital company initially invests in the entity, it will not be an affiliate if a certified capital company provides additional investment in such entity subsequent to its initial investment.

4. Documents and other materials submitted by Missouri certified capital companies or by businesses for purposes of the continuance of certification may be deemed "closed records" pursuant to the provisions of section 620.014, RSMo.

5. Each Missouri certified capital company shall report the following to the department:

(1) As soon as practicable after the receipt of certified capital, the name of each investor from which the certified capital was received, the amount of each investor's investment of certified capital and tax credits computed without regard to any limitations under subsection 3 of section 135.503, and the date on which the certified capital was received;

(2) On a quarterly basis, the amount of the Missouri certified capital company's certified capital at the end of the quarter, whether or not the Missouri certified capital company has invested more than fifteen percent of the total certified capital under management in any one company, and all qualified investments that the Missouri certified capital company has made;

(3) Each Missouri certified capital company shall provide annual audited financial statements to the department which include an opinion of an independent certified public accountant to the department within ninety days of the close of the fiscal year. The audit shall address the methods of operation and conduct of the business of the Missouri certified capital company to determine if the Missouri certified capital company is complying with the statutes and program rules and that the funds received by the Missouri certified capital company have been invested as required within the time limits provided by sections 135.500 to 135.529.

135.520. 1. The division of finance of the department of economic development shall conduct an annual review of each Missouri certified capital company to determine if the Missouri certified capital company is abiding by

the requirements of certifications, to advise the Missouri certified capital company as to the certification status of its qualified investments and to ensure that no investment has been made in violation of sections 135.500 to 135.529. The cost of the annual review shall be paid by each Missouri certified capital company according to a reasonable fee schedule adopted by the department. The division of finance shall report its findings to the department as soon as practicable following completion of the audit.

2. Any material violation of sections 135.500 to 135.529 shall be grounds for decertification under this section. If the department determines that a company is not in compliance with any requirements for continuing in certification, it shall, by written notice, inform the officers of the company and the board of directors, managers, trustees or general partners that they may be decertified in one hundred twenty days from the date of mailing of the notice, unless they correct the deficiencies and are again in compliance with the requirements for certification.

3. At the end of the one hundred twenty-day grace period, if the Missouri certified capital company is still not in compliance, the department may send a notice of decertification to the company and to the directors of the department of revenue and department of insurance. Decertification of a Missouri certified capital company prior to the certified capital company meeting all requirements of subdivisions (1) to (3) of subsection 1 of section 135.516 shall cause the recapture of all premium tax credits previously claimed by an investor and the forfeiture of all future credits to be claimed by an investor with respect to its investment in the certified capital company. Decertification of a Missouri certified capital company after it has met all requirements of subdivisions (1) to (3) of subsection 1 of section 135.516 shall cause the forfeiture of premium tax credits for the taxable year of the investor in which the decertification arose and for future taxable years with no recapture of tax credits obtained by an investor with respect to the investor's tax years which ended before the decertification occurred.

135.523. The department may revoke the certification of a Missouri certified capital company if any material representation to the department in connection with the application process proves to have been falsely made or if the application materially violates any requirement established by the department pursuant to sections 135.500 to 135.529.

135.526. All investments for which tax credits are claimed under the provisions of sections 135.500 to 135.529 shall satisfy the conditions of being registered or specifically exempt from registration by provisions or regulations under chapter 409, RSMo.

135.529. 1. The tax credit established pursuant to sections 135.500 to 135.529 may be sold or transferred in accordance with regulations adopted by the department. Any such sale or transfer shall not affect the time schedule for taking the tax credit, as provided in sections 135.500 to 135.529. Any premium tax credits recaptured pursuant to section 135.520 shall be the liability of the taxpayer which actually claimed the credit. In approving the sale or transfer of the credit pursuant to this section, the department may require the transferor or the transferee or both the transferor and the transferee to execute guarantees or post bonds with respect to any potential credit recapture.

2. No rule or portion of a rule promulgated under the authority of sections 135.500 to 135.529 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. The department shall make and promulgate emergency rules and regulations consistent with the provisions of sections 135.500 to 135.529 as are necessary or useful to carry out the provisions of sections 135.500 to 135.529, pursuant to section 536.025, RSMo.

3. Every final order, decision, license or other official act of the director pursuant to sections 135.500 to 135.529 is subject to administrative review in accordance with chapter 621, RSMo.

148.330. 1. Every such company shall, on or before the first day of March in each year, make a return, verified by the affidavit of its president and secretary, or other authorized officers, to the director of the department of insurance stating the amount of all premiums received on account of policies issued in this state by the company, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. Upon receipt of such returns the director of the department of insurance shall verify the same and certify the amount of tax due from the various

companies on the basis and at the rates provided in section 148.320, and shall certify the same to the director of revenue together with the amount of the quarterly installments to be made as provided in subsection 2 of this section, on or before the thirtieth day of April of each year.

2. Beginning January 1, 1983, the amount of the tax due for that calendar year and each succeeding calendar year thereafter shall be paid in four approximately equal estimated quarterly installments, and a fifth reconciling installment. The first four installments shall be based upon the tax for the immediately preceding taxable year ending on the thirty-first day of December, next preceding. The quarterly installments shall be made on the first day of March, the first day of June, the first day of September and the first day of December. Immediately after receiving certification from the director of the department of insurance of the amount of tax due from the various companies the director of revenue shall notify and assess each company the amount of taxes on its premiums for the calendar year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the year following, together with the regular quarterly payment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year. The state treasurer, upon receiving the moneys paid as a tax upon such premiums to the director of revenue, shall place the moneys to the credit of a fund to be known as "The County Stock Insurance Fund", which is hereby created and established.

3. If the estimated quarterly tax installments are not so paid, the director of revenue shall certify such fact to the director of the division of insurance who shall thereafter suspend such delinquent company or companies from the further transaction of business in this state until such taxes shall be paid and such companies shall be subject to the provisions of sections 148.410 to 148.461.

4. On or before the first day of September of each year the commissioner of administration shall apportion all moneys in the county stock insurance fund to the general revenue fund of the state, to the county treasurer and to the treasurer of the school district in which the principal office of the company paying the same is located. **All premium tax credits described in sections 135.500 to 135.529, RSMo, shall only reduce the amounts apportioned to the general revenue fund of the state and shall not reduce any moneys apportioned to the treasurer of the school district in which the principal office of the company paying the same is located.** Apportionments shall be made in the same ratio which the rates of levy for the same year for state purposes, for county purposes, and for all school district purposes, bear to each other; provided that any proceeds from such tax for prior years remaining on hand in the hands of the county collector or county treasurer undistributed on the effective date of sections 148.310 to 148.460 and any proceeds of such tax for prior years collected thereafter shall be distributed and paid in accordance with the provisions of such sections. Whenever the word "county" occurs herein it shall be construed to include the city of St. Louis.

148.350. 1. Every such company or association shall, on or before the first day of March in each year, make a return, verified by the affidavit of its president and secretary or other authorized officers, to the director of the department of insurance stating the amount of all premiums received on account of policies issued in this state by such company, whether in cash or in notes, during the year ending on the thirty-first day of December, next preceding. The director of revenue shall also notify and assess each company the amount of the estimated quarterly installments to be made for the calendar year. If the amount of the actual tax due for any year exceeds the total of the installments made for such year, the balance of the tax due shall be paid on the first day of June of the following year, together with the regular quarterly installment due at that time. If the total amount of the tax actually due is less than the total amount of the installments actually paid, the amount by which the amount paid exceeds the amount due shall be credited against the tax for the following year and deducted from the quarterly installment otherwise due on the first day of June. If the March first quarterly installment made by a company is less than the amount assessed by the director of revenue, the difference will be due on June first, but no interest will accrue to the state on the difference unless the amount paid by the company is less than eighty percent of one-fourth of the total amount of tax assessed by the director of revenue for the immediately preceding taxable year. If the estimated quarterly tax installments are not so paid, the director of revenue shall certify such fact to the director of the department of insurance who shall thereafter suspend such delinquent company or companies from the further transaction of business in this state until such taxes shall be paid, and such companies shall be subject to the provisions of sections 148.410 to 148.461.

3. Upon receiving such money from the director of revenue, the state treasurer shall receipt one-half thereof into the general revenue fund of the state, and he shall place the remainder of such tax to the credit of a fund to be known as "The County Foreign Insurance Tax Fund", which is hereby created and established. **All premium tax credits described in sections 135.500 to 135.529, RSMo, shall only reduce the amount of moneys received by the general revenue fund of this state and shall not reduce any moneys received by the county foreign insurance tax fund.**"; and

If a maternity home fails to use all, or some percentage to be determined by the director of revenue, of its apportioned tax credits during this predetermined period of time, the director of revenue may reapportion these unused tax credits to those maternity homes that have used all, or some percentage to be determined by the director of revenue, of their apportioned tax credits during this predetermined period of time. The director of revenue may establish more than one period of time and reapportion more than once during each fiscal year. Rates set under this section may in no case exceed the maximum ceiling amounts in effect under the reimbursement regulation;

(3) Reimbursement for capital related expenses for newly built facilities entering the Title XIX program after March 18, 1983, shall be calculated as the building and building equipment rate, movable equipment rate, land rate, and working capital rate.

b. Reasonable construction or acquisition cost computed by applying the regional Dodge Construction Index for 1981 with a trend factor, if necessary, or another current construction cost measure multiplied by one hundred eight percent as an allowance for fees authorized as architectural or legal not included in the Dodge Index Value, multiplied by the square footage of the facility not to exceed three hundred twenty-five square feet per bed, multiplied by the ratio of forty minus the actual years of the age of the facility divided by forty; and multiplied by a return rate of twelve percent; and divided by ninety-three percent of the facility's total available beds times three hundred sixty-five days.

The provisions of this subdivision shall apply to fiscal year 1996 and thereafter.

2. The provisions of subdivisions (1), (2), (3), and (4) of subsection 1 of this section shall remain in effect until July 1, 1989, unless otherwise provided by law.

SENATE AMENDMENT NO. 7

Amend House Bill No. 1055, Page 5, Section 208.010, Line 154 by inserting immediately after said line, the following:

"208.314. 1. Sections 208.314 to 208.318 shall be known as the "Missouri Option Program".

2. As used in sections 208.314 to 208.318 the following terms mean:

(1) "Department", the department of social services;

(2) "Division", the division of family services;

(3) "Missouri option program", a comprehensive welfare payment system that provides incentive for recipients to seek and retain employment. The Missouri option program would not disqualify a recipient from receiving assistance until such time as the recipient's total income is equal to the total monetary value of the benefit packages that individual is currently receiving. However, any recipient who leaves the program within the first six months of the program shall have their AFDC, food stamp and medicaid benefits recalculated for the household without considering the needs of the caretaker recipient. The suspension of caretaker benefits shall be imposed until the caretaker becomes employed. The Missouri option program shall be formulated in the following model:

(a) A determination of the cash value of each recipient's families total benefit package currently being provided by state and federal public assistance programs. The total benefit package shall include but not be limited to: AFDC, food stamps, Medicaid insurance and child care. This is the base amount a recipient would have to earn in order to be provided with an economic incentive to remain out of the public assistance programs; and

(b) From this base the division shall formulate a payment system for welfare benefits which will continually offer an economic incentive for qualified individuals to earn an income, keep a percentage of this income and eventually end the need for public assistance. The payment system shall allow qualified individuals to keep a percentage of their earned private income with the remainder going to the state through a reduction in benefits;

(4) "Recipient", any individual who receives a cash payment benefit for aid to families with dependent children as defined in sections 208.040, 208.041, 208.042, 208.043, 208.044, 208.047, RSMo and any individual who qualifies to receive medical assistance under section 208.151, RSMo and who are work eligible as defined in section 208.042.

208.318. 1. Beginning July 1, 1997, the division shall establish the Missouri option program. This program shall be established in at least one county in the northwest, northeast, southwest and southeast quadrants of the state and may be established in more areas as determined by the division.

2. The division shall enroll qualified individuals who apply for the program in the Missouri option program. The division may target AFDC households which meet at least one of the following criteria:

(1) Are participating in the FUTURES program; or

(2) Are parents whose oldest child is ten years of age, or less; and

(3) Anyone else who applies to the program.

3. Upon enrollment in the Missouri option program, a household shall receive an initial assessment of the

family's total benefit package. Each household shall be reviewed at least annually.

4. Subject to appropriations and necessary waivers, the department may disregard a recipient's gross earned income for job-related income for the first six months of participation in the program. Upon the completion of six months employment, the division will begin to charge the recipient a percentage of their private income in exchange for the entire benefit package. The total benefits would remain the same until the point at which a recipient earns an amount equal to the entire benefits package, however as the recipient's income grows they would be charged a greater percentage of the cost for the total benefit package.

5. Leaving the Missouri option program, within the first six months, shall result in a recalculation of the AFDC, food stamp and medicaid benefits for the household without considering the needs of the caretaker recipient. The suspension of caretaker benefits shall be imposed until the caretaker becomes employed. A recipient who has left the program after the first six months shall not be eligible to rejoin the program at a later date.

6. The division must give preference to a person enrolled in the Missouri option program and that are otherwise eligible to receive for assistance to day care services.

7. By January 1, 2000 the division shall submit documentation to the speaker of the house of representatives and the president pro tem of the senate on the success or failure of the Missouri option program. The general assembly may recommend statewide implementation or cancellation of the Missouri option program based on the success or failure of the program established in sections 208.314 to 208.318."; and

Further amend the title and enacting clause accordingly.

SENATE RESOLUTION NO. 1326

WHEREAS, improving patient access to quality health care is a paramount national goal; and

WHEREAS, the key to improved health care, especially for persons with serious unmet medical needs, is the rapid approval of safe and effective new drugs, biological products, and medical devices; and

WHEREAS, minimizing the delay between discovery and eventual approval of a new drug, biological product, or medical device derived from research conducted by innovative pharmaceutical and biotechnology companies could improve the lives of millions of Americans; and

WHEREAS, current limitation on the dissemination of information about pharmaceutical products reduces the availability of information to physicians, other health care professionals, and patients, and unfairly limits the right of free speech guaranteed by the First Amendment to the United States Constitution; and

WHEREAS, the current rules and practices governing the review of new drugs, biological products, and medical devices by the United States Food and Drug Administration can delay approvals and are unnecessarily expensive;

NOW, THEREFORE, BE IT RESOLVED by the Senate, that we respectfully urge the Congress of the United States to address this important issue by enacting comprehensive legislation to facilitate the rapid review and approval of innovative new drugs, biological products, and medical devices, without compromising patient safety or product effectiveness; and

SENATE AMENDMENT NO. 1

Amend House Bill No. 1098, Page 4, Section 32.057, Line 105 of said section, by inserting immediately after said line the following:

"143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(3) For the purposes of this section, a transaction involving the sale of tangible property is:

(a) "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

(b) "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

(c) Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state;

(d) [This subdivision shall not apply and subdivision (2) of subsection 2 of this section shall apply to transactions in which tangible property was moved from within this state to another state prior to shipment to the purchaser or in which both the seller's shipping point and the purchaser's destination point of tangible property are determined to be in states which do not have jurisdiction to impose a franchise or an income tax on the taxpayer regardless of whether the states impose such a tax;

(e)] For purposes of this subdivision the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale, and the seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

143.631. 1. Within sixty days (one hundred fifty days if the taxpayer is outside the United States) after the mailing of a notice of deficiency, the taxpayer may file with the director of revenue a written protest against the proposed assessment in which he shall set forth the grounds on which the protest is based. If a protest is filed, the director of revenue shall reconsider the proposed deficiency.

2. A taxpayer's protest may include a request for an informal hearing with the director. If such a request is made, an informal hearing shall be heard. The informal hearing shall be a forum for discussion of the merits of the proposed assessment. The parties shall also consider the possibility of negotiating a settlement of the contested tax liability.

[2.] 3. If a taxpayer has filed a timely protest under subsection 1 of this section, the taxpayer may, at any time before an assessment has become final, make a deposit with the director of revenue of any part or all of the tax, interest, additions to tax or penalties proposed in the notice of deficiency. The deposit shall be accompanied by a written statement setting forth:

(1) The identification of the tax and the tax period to which the deposit applies;

(2) The amount of tax, interest, additions to tax or penalties to which the deposit is to be applied by the director; and

(3) Such other identifying information as the director of revenue may by regulation provide.

[3.] 4. Upon receipt of a timely deposit under subsection 2 of this section, the director of revenue shall issue a receipt to the taxpayer acknowledging receipt of the deposit, and confirming the amount of tax, interest, additions to tax and penalty to which the deposit has been applied. All such deposits shall be deposited in the general revenue fund of the state as payments of tax, interest, additions to tax and penalty, as the case may be. The director of revenue shall refuse the tender of any deposit which does not satisfy the requirements of this section, and shall return such payment to the taxpayer.

[4.] 5. A taxpayer which had made a deposit under this section which has been accepted by the director of revenue may at any time before an assessment has become final or an action has been filed in the circuit court of Cole County under subsection 5 of section 143.841, request in writing that the director of revenue return the deposit to the taxpayer. The director of revenue shall return such deposit without interest if a written request is made. The taxpayer's request for return of a deposit shall not be treated under this chapter as a claim for refund for purposes of section 143.821.

[5.] **6.** The payment under protest provision provided by this section shall only apply to taxes imposed by this chapter and shall not be incorporated by reference to apply to taxes imposed by other chapters.

143.781. 1. The director of revenue within the applicable period of limitations may credit an overpayment of income tax and interest on such overpayment against any liability in respect of any tax imposed by the tax laws of this state on the person who made the overpayment, and the balance shall be **credited or** refunded if it exceeds one dollar. Overpayments shall be determined by taking into account any deposit made by a taxpayer under section 143.631, except a deposit which has been returned to a taxpayer pursuant to a written request. Unless directed otherwise by a taxpayer, the director of revenue may credit all or part of the overpayment of a taxpayer on a joint or combined return against the amount of tax due from his spouse.

2. If the amount allowable as a credit for tax withheld from the taxpayer exceeds his tax to which the credit relates, the excess shall be considered an overpayment.

3. If there has been an overpayment of tax required to be deducted and withheld under section 143.191, **a credit or** refund shall be made to the employer only to the extent that the amount of the overpayment was not deducted and withheld by the employer.

4. The director of revenue may prescribe regulations providing for the crediting against the estimated income tax for any taxable year of the amount determined to be an overpayment of the income tax for a preceding taxable year.

5. If any amount of income tax is assessed or collected after the expiration of the period of limitations properly applicable thereto, such amount shall be considered an overpayment.

6. The provisions of sections 143.781 to 143.841 to the contrary notwithstanding, a **credit or** refund, or any portion thereof, shall be transferred to the state agency to set off a debt due and owing to the state agency as provided in sections 143.782 to 143.788. When any action is taken pursuant to sections 143.782 to 143.788, the provisions of sections 143.782 to 143.788 shall govern all aspects of any rights and entitlement to **credits or** refunds covered by such action. If there is a final determination that the taxpayer is entitled to receive all or part of the setoff pursuant to the provisions of sections 143.782 to 143.788, the amount to which the taxpayer is entitled shall bear interest as provided in section 143.811, beginning sixty days after such setoff.

143.811. 1. Under regulations prescribed by the director of revenue, interest shall be allowed and paid at the rate determined by section 32.065, RSMo, on any overpayment in respect of the tax imposed by sections 143.011 to 143.996[; except that, where the overpayment resulted from the filing of an amendment of the tax by the taxpayer after the last day prescribed for the filing of the return, interest shall be allowed and paid at the rate of six percent per annum]. With respect to the part of an overpayment attributable to a deposit made pursuant to subsection 2 of section 143.631, interest shall be paid thereon at the rate in section 32.065, RSMo, from the date of the deposit to the date of refund. No interest shall be allowed or paid if the amount thereof is less than one dollar.

2. For purposes of this section:

(1) Any return filed before the last day prescribed for the filing thereof shall be considered as filed on such last day determined without regard to any extension of time granted the taxpayer;

(2) Any tax paid by the taxpayer before the last day prescribed for its payment, any income tax withheld from the taxpayer during any calendar year, and any amount paid by the taxpayer as estimated income tax for a taxable year shall be deemed to have been paid by him on the fifteenth day of the fourth month following the close of his taxable year to which such amount constitutes a credit or payment.

3. For purposes of this section with respect to any withholding tax:

(1) If a return for any period ending with or within a calendar year is filed before April fifteenth of the succeeding calendar year, such return shall be considered filed April fifteenth of such succeeding calendar year; and

(2) If a tax with respect to remuneration paid during any period ending with or within a calendar year is paid before April fifteenth of the succeeding calendar year, such tax shall be considered paid on April fifteenth of such succeeding calendar year.

4. If any overpayment of tax imposed by sections 143.011 to 143.996 is refunded within four months after the last date prescribed (or permitted by extension of time) for filing the return of such tax or within four months after the return was filed, whichever is later, no interest shall be allowed under this section on overpayment.

5. Any overpayment resulting from a carryback, including a net operating loss and a corporate capital loss, shall be deemed not to have been made prior to the close of the taxable year in which the loss arises.

144.020. 1. A tax is hereby levied and imposed upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of "sale at retail" as defined in subdivision (8) of section 144.010 **or leased or rented the property** and the tax was paid at the time of purchase, **lease or rental**, the lessor, **sublessor**, [or] renter **or subrentor** shall not apply or collect the tax on the subsequent lease, **sublease**, [or] rental **or subrental** receipts from that property. The purchase or use of motor vehicles, trailers, boats, and outboard motors shall be taxed and the tax paid as provided in sections 144.070 and 144.440[, and]. No [such] tax shall [then] be collected on the rental or lease of motor vehicles, trailers, boats, and outboard motors, except as provided in sections 144.070 and 144.440. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from

the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof.

2. All tickets sold which are sold under the provisions of sections 144.010 to 144.510 which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax.

144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax under sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, his administrators or executors, as provided for in section 144.200.

3. Every claim for refund must be in writing under oath, and must state the specific grounds upon which the claim is founded. SENATE AMENDMENT NO. 2

Amend House Bill No. 1098, Page 4, Section 32.057, Line 105 of said section, by inserting immediately after said line the following:

"135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in [section 22(e) of the Internal Revenue Code of 1986, as amended] **subdivision 2 of this**

section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. **The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;**

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

[(2)] **(3) "Gross rent"**, amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

[(3)] **(4) "Homestead"**, the dwelling in Missouri owned or rented by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

[(4)] **(5) "Income"**, Missouri adjusted gross income as defined in section 143.121, RSMo, less two thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

[(5)] **(6) "Property taxes accrued"**, property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a

homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part;

[(6)] (7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year."; and

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the conferees on **HCS** for **SS** for **SB 687** be allowed to exceed the differences in two areas; by giving the Governing Council greater authority to approve the Boards' budget and second to give the public review committee authority to put issues on the ballot, which address the structure and the board, for the voters of St. Louis County to decide.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House refuses to adopt **SS** for **SCS** for **HB 974** and requests the Senate to recede from its position and failing to do so, grant the House a conference thereon. Also, allow the conferees to exceed the differences in order to increase the mandatory minimum time for those defendants who have a prior conviction for child molestation or sexual abuse first degree when classified as a B felony when the defendant has been found to be a predatory sexual offender.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted the Conference Committee Report on **SCS** for **HCS** for **HB 1002**, as amended, and has taken up and passed **CCS** for **SCS** for **HCS** for **HB 1002**.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted the Conference Committee Report on **SCS** for **HCS** for **HB 1003**, as amended, and has taken up and passed **CCS** for **SCS** for **HCS** for **HB 1003**.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted the Conference Committee Report on **SCS** for **HCS** for **HB 1004** and has taken up and passed **CCS** for **SCS** for **HCS** for **HB 1004**.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has offered into and adopted **HCR 13**.

WHEREAS, the members of the Missouri House of Representatives consider it a primary function of this legislative body to ensure the health and well-being of the citizens of this state; and

WHEREAS, the people of the City of St. Louis and St. Louis County have been concerned over proposals relating to the operation of the St. Louis Metropolitan Sewer District; and

WHEREAS, recently, a special East-West Gateway Council appointed by St. Louis County Executive George R. (Buzz) Westfall conducted a study concerning options for the operation of the Metropolitan Sewer District, and as a result of that study, recommended that the Sewer District be privatized; and

WHEREAS, this recommendation has prompted citizens and leaders throughout the Metropolitan area to raise serious questions as to whether or not the privatization of the Metropolitan Sewer District would serve the best interests of the public; and

WHEREAS, an in-depth study needs to be conducted to determine what measures at the state level, if any, need to be taken to ensure that the needs and interests of the people of St. Louis have been fully considered with regard to the proposed privatization of the St. Louis Metropolitan Sewer District;

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

May 7, 1996

TO THE SECRETARY OF THE SENATE

88TH GENERAL ASSEMBLY

SECOND REGULAR SESSION

STATE OF MISSOURI:

Herewith I return to you Senate Bill No. 929, entitled:

"AN ACT"

To repeal section 195.017, relating to the regulation of certain drugs, and to enact in lieu thereof three new sections relating to the same subject, with penalty provisions.

Senate Bill No. 929 is vetoed and not approved for the following reasons:

The primary purpose of this bill is to protect Missouri citizens from harmful drugs by making it illegal to market, sell, distribute, advertise or label any drug product containing ephedrine or pseudoephedrine for uses which are not FDA approved. However, the bill creates the class A misdemeanor of possession of ephedrine or pseudoephedrine with the intent to manufacture methamphetamine which conflicts with the current classification of such an act as a class D felony. As a result of the conflict, I must object to the bill because this provision would reduce the penalty from a class D felony to a class A misdemeanor.

I strongly support law enforcement's efforts to combat the illegal manufacture and distribution of methamphetamine in Missouri. Senate Bill No. 929, however, contains a provision I believe inadvertently weakens one of our drug laws.

For the above and foregoing reasons, Senate Bill 929 is returned and not approved.

Respectfully submitted,

MEL CARNAHAN

Grant us mercy, compassion and understanding as we seek to serve instead of being served. Amen.

SENATE AMENDMENT NO. 1

Amend House Committee Substitute for House Bill No. 1146, Page 23, Section 36.510, Line 26, by inserting immediately after said line, the following:

"Section 1. 1. Notwithstanding any law, executive order or rule to the contrary, neither the state nor any of its political subdivisions or agents shall use race, sex, color, ethnicity or national origin as a criterion for either discriminating against, or granting preferential treatment to, any individual or group of persons in the state's system of public employment, public education or public contracting unless the state or any of its political subdivisions or agents has proven by clear and convincing evidence that specific, pervasive and systematic discrimination has occurred in the past and will continue to occur in the future. In the event that specific, pervasive and systematic discrimination has occurred in the past and will continue to occur in the future, the state or any of its political subdivisions or agents may attempt to reduce said discrimination by designing and implementing a narrowly tailored remedial action that furthers a compelling government interest. The narrowly tailored remedial action shall clearly identify and articulate the specific, pervasive and systematic discrimination that has occurred in the past and will continue to occur in the future, the compelling government interest involved, and the need and basis for either discriminating against, or granting preferential treatment to, any individual or group of persons. All narrowly tailored remedial actions shall automatically become null and void after a necessary or interested party has proven by clear and convincing evidence that the specific, pervasive and

systematic discrimination has been significantly reduced, or two years after implementation, whichever is sooner.

2. Nothing in this section shall be interpreted as prohibiting state action that is necessary to establish or maintain eligibility for any federal program, where ineligibility would result in a loss of federal funds to the state."; and

Further amend the title and enacting clause accordingly.

Senator Ehlmann moved that the above amendment be adopted.

Senator Curls raised the point of order that **SA 1** is out of order in that the amendment goes beyond the scope and purpose of the bill.

Further amend the title and enacting clause accordingly.

Senator McKenna moved that the above amendment be adopted, which motion prevailed.

Senator House offered **SA 17**:

SENATE AMENDMENT NO. 17

Amend Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 1301 and 1298, Page 9, Section 167.020, Line 70, by inserting immediately after "RSMo," the following: "**and except as required for compliance with federal regulation or statute**,"; and

Further amend said bill and section, page 10, lines 78 and 79 by deleting said lines and inserting in lieu thereof the following: "eighteen years of age or older. Any person found to have knowingly violated the confidentiality provisions of this subsection is guilty of a class B misdemeanor. Whenever".

Senator House moved that the above amendment be adopted, which motion prevailed.

Senator Caskey offered **SA 18**:

SENATE AMENDMENT NO. 18

Amend Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 1301 and 1298, Pages 21-22, Section 9, Lines 1-34, by deleting all of said section from the bill; and

Further amend the title and enacting clause accordingly.

Senator Caskey moved that the above amendment be adopted.

Senator Rohrbach requested to be recognized.

Senator Ehlmann was recognized to interrogate Senator Caskey.

Senator Ehlmann sought recognition to offer a substitute amendment.

Senator Caskey stated that he still had the floor and proceeded to offer **SSA 1** for **SA 18**.

Senator Rohrbach raised the point of order that Senator Caskey was out of order in offering the substitute amendment because Senator Ehlmann had the floor, not Senator Caskey.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

Senator Caskey offered **SSA 1** for **SA 18**, which was read:

SENATE SUBSTITUTE AMENDMENT NO. 1 FOR SENATE AMENDMENT NO. 18

Amend Senate Committee Substitute for House Substitute for House Committee Substitute for House Bills Nos. 1301 and 1298, Page 21, Section 9, Line 1, by striking "1." from said line; and

Further amend said section, page 22, lines 6-34, by striking all of said lines.

Senator Caskey moved that the above substitute amendment be adopted.

Senator Ehlmann raised the point of order that **SSA 1** for **SA 18** is out of order in that the amendment is not a true substitute.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

At the request of Senator Moseley, **HS** for **HCS** for **HBs 1301** and **1298**, with **SCS**, **SA 18** and **SSA 1** for **SA 18**

(pending), was placed on the Informal Calendar.

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

OFFICE OF THE GOVERNOR

State of Missouri

Jefferson City, Missouri

May 8, 1996

TO THE SECRETARY OF THE SENATE

88TH GENERAL ASSEMBLY

SECOND REGULAR SESSION

STATE OF MISSOURI:

Herewith I return to you Senate Bill No. 522 entitled:

"AN ACT"

To repeal section 302.272, RSMo 1994, relating to school bus operator permits, and to enact in lieu thereof one new section relating to the same subject.

This bill removes the restriction that prohibits persons 70 years old and over from obtaining a school bus operator's permit. I support removing the maximum age restriction; however I object to its removal without an appropriate provision for annual examination of the qualifications of school bus operators who are 70 years old and over. An annual examination is necessary to protect the safety of the public.

For the above and foregoing reasons, Senate Bill No. 522 is returned and not approved.

Respectfully submitted,

MEL CARNAHAN

Governor

President Pro Tem Mathewson resumed the Chair.

Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle)

seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of fifteen days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within fifteen days. The director shall issue a temporary permit or paper plate authorizing the operation of a motor vehicle or trailer by a buyer for not more than twenty days of the date of purchase.

The general assembly further finds and declares that the removal of directional signs advertising tourist oriented businesses is harmful to the tourism industry in Missouri and that the removal of directional signs within or near areas of the state where there is high concentration of tourist oriented businesses would have a particularly harmful effect upon the economies within such areas. The state highways and transportation commission is authorized and directed to determine those specific areas of the state of Missouri in which there is high concentration of tourist oriented businesses, and within such areas, no directional signs, displays and devices which are lawfully erected, which are maintained in good repair, which provide directional information about goods and services in the interest of the traveling public, and which would otherwise be required to be removed because

Further amend said bill, page 7, section 160.261, line 200, by inserting immediately after said line, the following:

"160.514. 1. By rule and regulation, and consistent with the provisions contained in section 160.526, RSMo, the state board of education shall adopt no more than seventy-five academic performance standards which establish the knowledge, skills and competencies necessary for students to successfully advance through the public elementary and secondary education system of this state; lead to or qualify a student for high school graduation; prepare students for postsecondary education or the workplace or both; and are necessary in this era to preserve the rights and liberties of the people. The academic performance standards shall not be construed or treated as replacing any previously established standards for acceptable mastery of basic knowledge, and the standards and assessments shall set out the levels of expertise required to be mastered before the student advances to mastery of the higher-level skills set out elsewhere in the standards. The standards shall neither require nor advocate a particular curriculum, teaching method or educational philosophy, and these curricula, methods and philosophies shall remain local decisions.

2. The state board of education shall convene work groups composed of education professionals to develop and recommend academic performance standards. Separate work groups composed of professionals with appropriate expertise shall be convened for each subject area listed in section 160.518. Active classroom teachers shall constitute the majority of each work group. Teachers serving on such work groups shall be selected by professional teachers' organizations of the state. Additional teachers who are not members of such organizations may serve by appointment of the state board of education.

3. The state board of education shall develop written curriculum frameworks that may be used by school districts. Such curriculum frameworks shall incorporate the academic performance standards adopted by the state board of education pursuant to subsection 1 of this section. The curriculum frameworks shall provide guidance to school districts but shall not be mandates for local school boards in the adoption or development of written curricula as required by subsection 4 of this section.

4. Not later than one year after the development of written curriculum frameworks pursuant to subsection 3 of this section, the board of education of each school district in the state shall adopt or develop a written curriculum designed to ensure that students attain the knowledge, skills and competencies established pursuant to subsection 1 of this section. **Such knowledge, skills and competencies shall be considered the minimum level, and school districts are encouraged, where appropriate, to require additional knowledge, skills and competencies. Nothing in this chapter shall be construed to require or encourage a school district to reduce or eliminate programs, courses and curricula for gifted students.** Local school boards are encouraged to adopt or develop curricula that are rigorous and ambitious and may, but are not required to, use the curriculum frameworks developed pursuant to subsection 3 of this section. Nothing in this section or this act shall prohibit school districts, as determined by local boards of education, to develop or adopt curricula that provide for academic standards in addition to those identified by the state board of education pursuant to subsection 1 of this section.

160.518. 1. Consistent with the provisions contained in section 160.526, the state board of education shall develop a **uniform** statewide assessment system that provides **uniform minimum levels of performance while allowing** maximum flexibility for local school districts to determine the degree to which students in the public schools of the state are proficient in the knowledge, skills and competencies adopted by such board pursuant to subsection 1 of section 160.514. The statewide assessment system shall assess **basic knowledge**, problem solving, analytical ability, evaluation, creativity and application ability in the different content areas, [and] shall be [performance-based] **objective and verifiable** to identify what students know, [as well as what they] **shall be performance-based to identify what students** are able to do, and shall enable teachers to evaluate actual academic performance **in terms of individual academic grading rather than any form of group grading**. The assessment system shall neither promote nor prohibit rote memorization [and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests]. The statewide assessment shall measure, where appropriate by grade level **and subject matter**, a student's knowledge of academic subjects including, but not limited to, reading skills, writing skills, **memorization skills, grammatical skills, spelling skills**, mathematics skills, world and American history, forms of government, geography and science **and shall require and measure diligent attempts to answer objective questions**.

2. The assessment system shall only permit the academic performance of students in each school in the state to be tracked against prior academic performance in the same school.

3. The state board of education shall suggest criteria for a school to demonstrate that its students learn the knowledge, skills and competencies at exemplary levels worthy of imitation by students in other schools in the state and nation. "Exemplary levels" shall be measured by the assessment system developed pursuant to subsection 1 of this section, or until said assessment is available, by indicators approved for such use by the state board of education. The provisions of other law to the contrary notwithstanding, the commissioner of education may, upon request of the school district, present a plan for the waiver of rules and regulations to any such school, to be known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of this section.

4. For any school that meets the criteria established by the state board of education for three successive school years pursuant to the provisions of subsection 3 of this section, by August first following the third such school year, the

commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, excepting such waivers shall be confined to the school and not other schools in the district unless such other schools meet the criteria established by the state board of education consistent with subsection 3 of this section and the waivers shall not include the requirements contained in this section and section 160.514. Any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the criteria established by the state board of education consistent with subsection 3 of this section.

160.526. 1. In establishing the academic standards authorized by subsection 1 of section 160.514 and the statewide assessment system authorized by subsection 1 of section 160.518, the state board of education shall consider the work that has been done by other states, recognized regional and national experts, professional education discipline-based associations and other professional education associations. Further, in establishing the academic standards and statewide assessment system, the state board of education [shall adopt the work that has been done by consortia of other states and], subject to appropriations, may contract with [such] consortia **of other states** to implement the provisions of sections 160.514 and 160.518.

2. The state board of education shall, by contract enlist the assistance of such national experts, as approved by the commission established pursuant to section 160.510, to receive reports, advice and counsel on a regular basis pertaining to the validity and reliability of the statewide assessment system. The reports from such experts shall be received by the commission, which shall make a final determination concerning the reliability and validity of the statewide assessment system. Within six months prior to implementation of the statewide assessment system, the commissioner of education shall inform the president pro tempore of the senate and the speaker of the house about the procedures to implement the assessment system, including a report related to the reliability and validity of the assessment instruments, and the general assembly may, within the next thirty legislative days, veto such implementation by concurrent resolution adopted by majority vote of both the senate and the house of representatives.

3. The commissioner of education shall establish a procedure for the state board of education to regularly receive advice and counsel from professional educators at all levels in the state, district boards of education, parents, representatives from business and industry, and labor and community leaders pertaining to the implementation of sections 160.514 and 160.518. The procedure shall include, at a minimum, the appointment of ad hoc committees and shall be in addition to the advice and counsel obtained from the commission pursuant to section 160.510.

160.538. 1. By July 1, 1996, the state board of education shall develop a procedure and criteria for determining that a school in a school district is "academically deficient". In making such a determination for any school, the state board of education shall consider the results for the school from the assessment system developed pursuant to the provisions of section 160.518 together with the results from the education audit performed under subsection 2 of this section.

2. (1) Prior to a decision that a school is academically deficient, the state board of education shall appoint an audit team of at least ten persons to conduct an education audit of the school to determine the factors that have contributed to the lack of student achievement at the school as measured by the district assessment system and make a finding as to whether the school is academically deficient. The specific standards and implementation of the education audit shall be pursuant to rules adopted by the state board of education.

(2) The audit team shall report its findings to the state board. If the audit team finds that the school is academically deficient, then the state board shall declare the school to be academically deficient.

(3) Following a decision that a school is academically deficient, the state board of education shall, within sixty days, appoint a management team of at least ten persons to conduct any necessary investigations and make any

recommendations the team believes are appropriate for the administration and management of the school necessary to promote student achievement and any additional resources which are required. Funds shall be provided, upon appropriation, under subsection 2 of section 160.530 for the operation of the audit and management teams and resources needed in the district.

(4) In the appointment of the audit and management teams, the state board of education shall appoint such persons so that at least fifty percent of the team is composed of active classroom teachers at the elementary, middle or secondary level grades. Further, no more than two persons of said team may be employees of the department of elementary and secondary education. At least one member of the team shall be a public school superintendent from another district.

(5) The management team shall report its findings and recommendations to the state board within sixty school days. The commissioner of education shall, subject to availability of resources, provide resources to the district as recommended by the management team. The management team report may also include recommendations for one or more of the following: [conducting a recall election for each member of the district school board,] suspension of indefinite contracts for certificated staff in the school and a one-year maximum length for new or renewal of contracts for the superintendent or the principal of the school. The education audit team shall reevaluate the school two years after the filing of the management team report. No [recall election,] suspension of indefinite contract or maximum contract length limit may be imposed unless the audit team determines that the school is still academically deficient.

[(6) The commissioner of education shall, upon such recommendation by the management team and upon approval by the state board of education, but only in the case where the education audit team finds the school academically deficient in its reevaluation audit under subdivision (5) of this subsection, order an election in the district to be held for the purpose of conducting a recall election of all members of the district school board. The recall election shall be held on the next available election day thereafter as provided under section 115.123, RSMo, and shall be conducted pursuant to chapter 115, RSMo, except as otherwise provided herein.]

3. (1) A district school board member of a district which contains a school declared academically deficient may be removed by the voters in a recall election. Such election shall be held upon the submission of a petition signed by voters of the district equal in number to at least twenty-five percent of the number of persons voting at the last preceding election to elect a district board member. The petition shall be filed with the election authority and the secretary of the district board of education, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true as he believes and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

(2) Within ten days from the date of filing such petition the election authority shall examine and ascertain whether said petition is signed by the requisite number of voters; and he shall attach to the petition his certificate, showing the result of the examination. If the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The election authority shall, within ten days after such amendment, make like examination of the amended petition and, if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the election authority shall submit the same to the district board without delay. If the petition shall be found to be sufficient, the district board shall order the question to be submitted to the voters of the district.

(3) If a majority of the voters vote in favor of retaining the member, he shall remain in office and shall not be subject to another recall election during his term of office except as provided in subsection 2 of this section. If a majority of voters vote to remove the member, his successor shall be chosen as provided in section 162.261, RSMo.

4. Under subdivision (5) of subsection 2 of this section, a district board of education may suspend indefinite contracts and issue probationary contracts to all certificated staff in a school declared academically deficient. However, no such indefinite contract for any person may be suspended without providing the person an opportunity for a due process hearing, conducted according to the provisions of chapter 536, RSMo, and only after the school board demonstrates that the performance of the person's duties contributed to the school meeting the criteria for being declared academically

deficient. The district board of any school which is declared academically deficient shall not issue new contracts or renew contracts to either the superintendent or the principal of the academically deficient school for a period of longer than one year. The provisions of other law to the contrary notwithstanding, a probationary teacher in a school declared academically deficient shall not be granted an indefinite contract until one year after such school is no longer determined to be academically deficient, and the probationary teacher meets all other requirements for permanent status required by law."; and

Further amend the title and enacting clause accordingly."

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his custodian in the same manner as provided in sections 211.101 and 211.111. 5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. (2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

[Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the department of social services or any of its divisions. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The department may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5.] When custody of a child or person seventeen years of age is legally placed in the department of social services or any of its divisions, the department shall immediately submit its proposed treatment plan for such child or person seventeen years of age, as developed pursuant to subdivision (17) of subsection 1 of section 207.020, RSMo, to a professional evaluation team. Such a team shall be composed of a local juvenile officer, a representative of the department, a guardian ad litem, or court appointed special advocate, and where applicable, a school employee. The evaluation team shall develop a long-range permanency treatment plan for each child or person seventeen years of age within thirty days of the date upon which the department was awarded custody. The long-range treatment plan will include the following components:

(1) Type of placement which will serve the best interest and special needs of a child or person seventeen years of age and provide the least restrictive setting;

(2) Projected length of care needed by the child or person seventeen years of age and the projected cost for providing such care;

(3) Services needed by the child or person seventeen years of age and his family to facilitate reunification and the projected cost of such services;

(4) Certification from the division director or designee whether the placement and/or services recommended by the

evaluation team are available. The long-range permanency treatment plan shall be submitted to the court for consideration and approval prior to the court's final entry of a treatment order. In addition, a psychiatric or psychological evaluation shall be considered by the professional evaluation team and shall be submitted to the court for consideration for any child or person seventeen years of age who, in the discretion of the professional evaluation team, could benefit from such an examination. The juvenile court judge may assess the cost of the examination to the family based on their ability to pay.

[6.] **5.** In ordering implementation of a permanency treatment plan, the judge shall not order treatment with a specific provider but may reasonably designate the scope and extent of the services to be provided by the department to the child or person seventeen years of age subject to certification by the director of the division or designee that a provider and/or funds are available.

[7.] **6.** The department shall proceed to implement any long-range permanency plan within thirty days of its approval by the court. If the court fails to act upon a long-range permanency treatment plan within fifteen days of its submission by the professional evaluation team, then such plan shall be implemented by the department as if approved by the court and shall remain in effect until otherwise ordered by the court.

[8.] **7.** The department may seek appellate review of any long-range permanency treatment plan it is required by court order or operation of law to implement.

[9.] **8.** When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.231. 1. All commitments made by the juvenile court shall be for an indeterminate period of time[, unless the child is committed pursuant to subdivision (3) of subsection 3 of section 211.181,] and shall not continue beyond the child's twenty-first birthday.

2. Whenever the court commits a child to an institution or agency, it shall transmit with the order of commitment a summary of its information concerning the child, and the institution or agency shall give to the court such information concerning the child as the court may require from time to time so long as the child is under the jurisdiction of the juvenile court."; and

If a petition alleges that a child between the ages of twelve and seventeen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. 6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

- (8) The program and facilities available to the juvenile court in considering disposition;
- (9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and

- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171."; and

"288.040. 1. A claimant who is unemployed and has been determined to be an insured worker shall be eligible for benefits for any week only if the deputy finds that:

(1) He has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the division may prescribe;

(2) He is able to work and is available for work. No person shall be deemed available for work unless he has been and is actively and earnestly seeking work. Upon the filing of an initial or renewed claim, and prior to the filing of each weekly claim thereafter, the deputy shall notify each claimant of the number of work search contacts required to constitute an active search for work. No person shall be considered not available for work, under this subdivision, solely because he is a substitute teacher or is on jury duty. A claimant shall not be determined to be ineligible under this subdivision because of not actively and earnestly seeking work if:

(a) The claimant is participating in training approved under section 236 of the Trade Act of 1974, as amended, (19 U.S.C.A. Sec. 2296, as amended); or

(b) The claimant is temporarily unemployed through no fault of his own and has a definite recall date within eight weeks of his first day of unemployment; however, upon application of the employer responsible for the claimant's unemployment, such eight-week period may be extended at the discretion of the director;

(3) He has reported in person to an office of the division as directed by the deputy, but at least once every four weeks, except that a claimant shall be exempted from the reporting requirement of this subdivision if:

(a) The claimant is claiming benefits in accordance with division regulations dealing with partial or temporary total unemployment; or

Ineligibility under this subdivision shall begin on the first day of the week which the claimant was scheduled to claim and shall end on the last day of the week preceding the week during which the claimant does report in person to the

division's office;

(4) Prior to the first week of a period of total or partial unemployment for which he claims benefits he has been totally or partially unemployed for a waiting period of one week. No more than one waiting week will be required in any benefit year. The one-week waiting period shall become compensable after unemployment during which benefits are payable for nine consecutive weeks. No week shall be counted as a week of total or partial unemployment for the purposes of this subsection unless it occurs within the benefit year which includes the week with respect to which he claims benefits;

(5) He has made a claim for benefits;

(6) The claimant is participating in re-employment services, such as job search assistance services, as directed by the deputy if the claimant has been determined to be likely to exhaust regular benefits and to need reemployment services pursuant to a profiling system established by the division, unless the deputy determines that:

(a) The individual has completed such reemployment services; or

(b) There is justifiable cause for the claimant's failure to participate in such reemployment services.

2. A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds he is or has been suspended by his most recent employer for misconduct connected with his work.

3. (1) Benefits based on "service in employment", defined in subsections 7 and 8 of section 288.034, shall be payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this law; except that:

(a) With respect to service performed in an instructional, research, or principal administrative capacity for an educational institution, benefits shall not be paid based on such services for any week of unemployment commencing during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms, or during a period of paid sabbatical leave provided for in the individual's contract, to any individual if such individual performs such services in the first of such academic years (or terms) and if there is a contract or a reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services performed in any capacity (other than instructional, research, or principal administrative capacity) for an educational institution, benefits shall not be paid on the basis of such services to any individual for any week which commences during a period between two successive academic years or terms if such individual performs such services in the first of such academic years or terms and there is a contract or a reasonable assurance that such individual will perform such services in the second of such academic years or terms;

(c) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits shall not be paid on the basis of such services to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performed such services in the period immediately before such vacation period or holiday recess, and there is reasonable assurance that such individual will perform such services immediately following such vacation period or holiday recess;

(d) With respect to services described in paragraphs (a) and (b) of this subdivision, benefits payable on the basis of services in any such capacity shall be denied as specified in paragraphs (a), (b), and (c) of this subdivision, to any individual who performed such services at an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(2) If compensation is denied for any week under paragraph (b) or (d) of subdivision (1) of this subsection, to any individual performing services at an educational institution in any capacity (other than instructional, research or

principal administrative capacity), and such individual was not offered an opportunity to perform such services for the second of such academic years or terms, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of paragraph (b) or (d) of subdivision (1) of this subsection.

4. (1) A claimant shall be ineligible for waiting week credit, benefits or shared work benefits for any week for which he is receiving or has received remuneration exceeding his weekly benefit amount or shared work benefit amount in the form of:

(a) Compensation for temporary partial disability under the workers' compensation law of any state or under a similar law of the United States;

(b) A governmental or other pension, retirement or retired pay, annuity, or other similar periodic payment which is based on the previous work of such claimant to the extent that such payment is provided from funds provided by a base period or chargeable employer under a plan maintained or contributed to by such employer; but, except for such payments made under the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), the provisions of this paragraph shall not apply if the services performed for such employer by the claimant after the beginning of the base period (or remuneration for such services) do not affect eligibility for or increase the amount of such pension, retirement or retired pay, annuity or similar payment[.];

(c) Wages in lieu of notice, terminal leave pay, severance pay, separation pay or dismissal payments, regardless of whether the remuneration is voluntary or required by policy or contract. Lump sum payments and periodic payments shall be prorated by weeks on the basis of the most recent weekly wage of the individual for a standard work week.

(2) If the remuneration referred to in this subsection is less than the benefits which would otherwise be due, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration, and, if such benefit is not a multiple of one dollar, such amount shall be lowered to the next multiple of one dollar.

(3) Notwithstanding the provisions of subdivisions (1) and (2) of this subsection, if a claimant has contributed in any way to the Social Security Act or the Railroad Retirement Act of 1974, or the corresponding provisions of prior law, no part of the payments received under such federal law shall be deductible from the amount of benefits received under this chapter.

5. A claimant shall be ineligible for waiting week credit or benefits for any week for which or a part of which he has received or is seeking unemployment benefits under an unemployment insurance law of another state or the United States; provided, that if it be finally determined that he is not entitled to such unemployment benefits, such ineligibility shall not apply.

6. (1) A claimant shall be ineligible for waiting week credit or benefits for any week for which the deputy finds that his total or partial unemployment is due to a stoppage of work which exists because of a labor dispute in the factory, establishment or other premises in which he is or was last employed. In the event he secures other employment from which he is separated during the existence of the labor dispute, he must have obtained bona fide employment as a permanent employee for at least the major part of each of two weeks in such subsequent employment to terminate his ineligibility. If, in any case, separate branches of work which are commonly conducted as separate businesses at separate premises are conducted in separate departments of the same premises, each such department shall for the purposes of this subsection be deemed to be a separate factory, establishment or other premises. This subsection shall not apply if it is shown to the satisfaction of the deputy that:

(a) He is not participating in or financing or directly interested in the labor dispute which caused the stoppage of work; and

(b) He does not belong to a grade or class of workers of which, immediately preceding the commencement of the stoppage, there were members employed at the premises at which the stoppage occurs, any of whom are participating in or financing or directly interested in the dispute.

(2) "Stoppage of work" as used in this subsection means a substantial diminution of the activities, production or services at the establishment, plant, factory or premises of the employing unit.

7. On or after January 1, 1978, benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the later of such seasons (or similar periods).

8. Benefits shall not be payable on the basis of services performed by an alien, unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed (including an alien who was lawfully present in the United States as a result of the application of the provisions of section 212(d)(5) of the Immigration and Nationality Act).

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence."

"135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

(1) "Commencement of commercial operations" shall be deemed to occur during the first taxable year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue producing enterprise in which the taxpayer intends to use the new business facility;

(2) "Existing business facility", any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) "Facility", any building used as a revenue producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) "New business facility", a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue producing enterprise, the portion employed by the taxpayer in the operation of a revenue producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(b) Such facility is acquired by, or leased to, the taxpayer after December 31, 1983. A facility shall be deemed to have been acquired by, or leased to, the taxpayer after December 31, 1983, if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer, or the commencement of the term of the lease to the taxpayer occurs after December 31, 1983, or, if the facility is constructed, erected or installed by or on behalf of the taxpayer, such construction, erection or installation is commenced after December 31, 1983;

(c) If such facility was acquired by the taxpayer from another person or persons and such facility was employed immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue producing enterprise, the

operation of the same or a substantially similar revenue producing enterprise is not continued by the taxpayer at such facility;

(d) Such facility is not a replacement business facility, as defined in subdivision (10) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(5) "New business facility employee", a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the credit allowed by section 135.110 is claimed, except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(6) "New business facility income", the Missouri taxable income, as defined in chapter 143, RSMo, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term "Missouri taxable income" means, in the case of insurance companies, direct premiums as defined in chapter 148, RSMo. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer's Missouri taxable income, computed in accordance with chapter 143, RSMo, or in the case of an insurance company, computed in accordance with chapter 148, RSMo, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The property factor is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer's real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32, RSMo;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32, RSMo. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(7) "New business facility investment", the value of real and depreciable tangible personal property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the taxable year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail and barge vehicles and other rolling stock for hire, track, switches, barges, bridges, tunnels and rail yards and spurs shall not constitute new business facility investments. The total value of such property during such taxable year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate, if leased by the taxpayer. The net annual rental rate shall be the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

(8) "Office", a regional, national or international headquarters, a telemarketing operation, a computer operation, an insurance company, a passenger transportation ticket/reservation system or a credit card billing and processing center. For the purposes of this subdivision, "headquarters" means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. An office, as defined in this subdivision, when established must create and maintain positions for a minimum number of twenty-five new business facility employees as defined in subdivision (5) of this section;

(9) "Related taxpayer" shall mean:

(a) A corporation, partnership, trust or association controlled by the taxpayer;

(b) An individual, corporation, partnership, trust or association in control of the taxpayer; or

(c) A corporation, partnership, trust or association controlled by an individual, corporation, partnership, trust or association in control of the taxpayer. For the purposes of sections 135.100 to 135.150, "control of a corporation" shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote; "control of a partnership or association" shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association; and "control of a trust" shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust; ownership shall be determined as provided in section 318 of the U.S. Internal Revenue Code;

(10) "Replacement business facility", a facility otherwise described in subdivision (4) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and

(b) The old facility was employed by the taxpayer or a related taxpayer in the operation of a revenue producing enterprise and the taxpayer continues the operation of the same or substantially similar revenue producing enterprise at the new facility. Notwithstanding the preceding provisions of this subdivision, a facility shall not be considered a replacement business facility if the taxpayer's new business facility investment, as computed in subsection 5 of section 135.110, in the new facility during the tax period in which the credits allowed in sections 135.110, 135.225 and 135.235 and the exemption allowed in section 135.220 are claimed exceed one million dollars or, if less, two hundred percent of the investment in the old facility by the taxpayer or related taxpayer, and if the total number of employees at the new facility exceeds the total number of employees at the old facility by at least two except that the total number of employees at the new facility exceeds the total number of employees at the old facility by at least twenty-five if an office as defined in subdivision (8) of this section is established by a revenue producing enterprise other than a revenue producing enterprise defined in paragraphs (a) to (g) and (i) to (l) of subdivision (11) of this section;

RESOLUTIONS

Senator Ehlmann offered the following resolution, which was referred to the Committee on Rules, Joint Rules and

Resolutions:

SENATE RESOLUTION NO. 1400

WHEREAS, Article I, Section 2 of the Missouri Constitution states that "all persons are created equal and are entitled to equal rights and opportunity under the law"; and

WHEREAS, the Fourteenth Amendment to the United States Constitution states that no state "shall deny to any person within its jurisdiction the equal protection of the laws"; and

WHEREAS, in *University of California Regents vs Bakke*, 98 S. Ct. 2733, 2748 (1978), the United States Supreme Court stated that "the guarantee of equal protection cannot mean one thing when applied to one individual and something else when applied to a person of another color. If both are not accorded the same protection, then it is not equal"; and

WHEREAS, in *City of Richmond vs J.A. Croson Co.*, 109 S. Ct. 706, 724 (1989), the United States Supreme Court stated that:

While there is no doubt that the sorry history of both private and public discrimination in this country has contributed to a lack of opportunities for black entrepreneurs, this observation, standing alone, cannot justify a rigid racial quota in the awarding of public contracts in Richmond, Virginia. Like the claim that discrimination in primary and secondary schooling justifies a rigid racial preference in medical school admissions, an amorphous claim that there has been past discrimination in a particular industry cannot justify the use of an unyielding racial quota; and

WHEREAS, in *Adarand Construction, Inc. vs Pena*, 115 S. Ct. 2097, 2113 (1995), the United States Supreme Court stated that:

Accordingly, we hold today that all racial classifications, imposed by whatever federal, state, or local governmental actor, must be analyzed by a reviewing court under strict scrutiny. In other words, such classifications are constitutional only if they are narrowly tailored measures that further compelling governmental interests; and

WHEREAS, in *Hopwood vs. Texas*, 78 F.3d 932, 962 (1996), the United States Court of Appeals, Fifth Circuit, stated that:

In summary we hold that the University of Texas School of Law may not use race as a factor in deciding which applicants to admit in order to achieve a diverse student body, to combat the perceived effects of a hostile environment at the law school, to alleviate the law school's poor reputation in the minority community, or to eliminate any present effects of past discrimination by actors other than the law school; and

WHEREAS, Article XIII of Executive Order 94-03, issued by Governor Mel Carnahan on January 1, 1994, states that:

The state shall work toward a goal that at least five (5%) percent of the contracts awarded by departments in the executive branch to for-profit businesses and five (5%) percent of the contracts awarded to not-for-profit businesses shall be to minority-owned or controlled enterprises. With the assistance of the Minority Business Advocacy Commission and the Division of Purchasing, each department shall develop a plan to pursue this goal or its own higher goal through training, education, communication and recruitment efforts aimed at such businesses and shall submit such plan to the Governor and the Commissioner of Administration by July 1, 1994; and

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, 88th General Assembly, that there is hereby created a bipartisan "Commission on Equal Opportunity" which shall be composed of four members of the majority party and three members of the minority party to be appointed by the President Pro Tem of the Senate; and

BE IT FURTHER RESOLVED that the Commission on Equal Opportunity be directed to: 1) study all Missouri laws, orders of rulemaking, executive orders, and other official statements of general applicability which use race, sex, color, ethnicity or national origin as a criterion for either discriminating against, or granting preferential treatment to, any individual or group of persons in the State's system of public employment, public education or public contracting; 2) study all relevant and applicable Federal and State laws, rules, regulations and caselaw which impact the use of race, sex, color, ethnicity, or national origin as a criterion for either discriminating against, or granting preferential treatment to, any individual or group of persons in the State's system of public employment, public education or public contracting; 3) conduct any additional studies which are necessary to further the intent of this Resolution; and 4) study ways in which to bring all such Missouri laws, orders of rulemaking, executive orders, and other official statements of general applicability in compliance with all such relevant and applicable Federal and State laws, rules, regulations and caselaw; and BE IT FURTHER RESOLVED that the Commission on Equal Opportunity be authorized to hold hearings within the State, as it deems advisable, with members of the committee to receive reimbursement only for their actual and necessary expenses incurred in the course of their committee service, from the contingent fund of the Senate; and

BE IT FURTHER RESOLVED that the members of the Senate Research staff and the Senate Appropriations staff be utilized to provide necessary clerical, research, legal and fiscal services for the Commission on Equal Opportunity with travel expense for the staff members to be paid from appropriation made for their staffs; and

BE IT FURTHER RESOLVED that the Commission on Equal Opportunity present a final report regarding its activities and recommendations to the Senate in January, 1997.

The planning commission shall elect its chairman who shall serve for one year.

65.690. 1. Any township board which appointed a township planning or township zoning commission and which has adopted a zoning plan, as provided in sections 65.650 to 65.700, shall appoint a township board of zoning adjustment. (3) Where, by reason of exceptional narrowness, shallowness, shape of topography or other extraordinary or exceptional situation or condition of a specific piece of property, the strict application of any regulation adopted under sections 65.650 to 65.700 would result in peculiar and exceptional difficulties to or exceptional and demonstrable undue

Upon the presentation of the petition, the court shall allow a writ of certiorari directed to the board of adjustment or the township board, respectively, of the action taken and data and records acted upon, and may appoint a referee to take additional evidence in the case. The court may reverse or affirm or may modify the decision brought up for review. 4. A buyer's or tenant's agent may show properties in which the client is interested to other prospective buyers or tenants without breaching any duty or obligation to the client. 5. A client may agree in writing with a buyer's or tenant's agent that other designated brokers may be retained and compensated as subagents. Any designated broker acting on the buyer's or tenant's behalf as a subagent shall be a limited agent with the obligations and responsibilities set forth in subsections 1 to 4 of this section.

- (4) That a client will agree to financing terms other than those offered; and**
- (5) The terms of any prior offers or counter offers made by any party.**

5. A dual agent shall not disclose to one client any confidential information about the other client unless the disclosure is required by statute, rule, or regulation or failure to disclose the information would constitute a misrepresentation or unless disclosure is necessary to defend the affiliated licensee against an action of wrongful conduct in an administrative or judicial proceeding or before a professional committee. No cause of action for any person shall arise against a dual agent for making any required or permitted disclosure. If the prospective customer refuses to sign the disclosure, the licensee shall set forth, sign and date a written explanation of the facts of the refusal and the explanation shall be retained by the licensee's broker.

2. When a seller, landlord, buyer, or tenant has already entered into a written agreement for services with a designated broker, no other licensee shall be required to make the disclosures required by this section.

3. Before engaging in any of the activities enumerated in section 339.010, RSMo, a licensee working as an agent or subagent of the seller or landlord with a buyer or tenant who is not represented by a licensee shall provide to the customer the current broker disclosure form prescribed by the commission.

4. Before engaging in any of the activities enumerated in section 339.010, RSMo, a licensee working as an agent or subagent of the buyer or tenant with a seller or landlord who is not represented by a licensee shall provide to the customer the current broker disclosure form prescribed by the commission.

5. The written disclosure required pursuant to subsections 1, 3, and 4 of this section shall contain a signature block for the client or customer to acknowledge receipt of the disclosure. The customer's acknowledgment of disclosure shall not constitute a contract with the licensee. If the customer refuses to sign the disclosure, the licensee shall set forth, sign and date a written explanation of the facts of the refusal and the explanation shall be retained by the licensee's broker.

6. Disclosures made in accordance with sections 1 to 16 of this act shall be sufficient as a matter of law to disclose brokerage relationships to the public.

If a designated broker has made a unilateral offer of subagency, another designated broker can enter into the subagency relationship by the act of disclosing to the customer that he or she is a subagent of the client.

6. Nothing contained in this section shall prohibit the public from entering into written contracts with any broker which contain duties, obligations, or responsibilities which are in addition to those specified in this section.

Section 9. 1. The relationships set forth in this section commence on the effective date of the real estate broker's agreement and continue until performance, completion, termination or expiration of that agreement.

2. A real estate broker and an affiliated licensee owe no further duty or obligation after termination, expiration, completion or performance of the brokerage agreement, except the duties of:

(1) Accounting in a timely manner for all money and property related to, and received during, the relationship; and

(2) Treating as confidential information provided by the client during the course of the relationship that may reasonably be expected to have a negative impact on the client's real estate activity unless:

(a) The client to whom the information pertains grants written consent;

(b) Disclosure of the information is required by law;

(c) The information is made public or becomes public by the words or conduct of the client to whom the information pertains or from a source other than the real estate brokerage or the affiliated licensee; or

(d) Disclosure is necessary to defend the designated broker or an affiliated licensee against an action of wrongful conduct in an administrative or judicial proceeding or before a professional committee.

Section 10. 1. In any real estate transaction, the designated broker's compensation may be paid by the seller, the landlord, the buyer, the tenant, or a third party or by sharing the compensation between designated brokers.

2. Payment of compensation by itself shall not establish an agency relationship between the party who paid the compensation and the designated broker or any affiliated licensee.

3. A seller or landlord may agree that a designated broker or subagent may share with another designated broker the compensation paid by the seller or landlord.

4. A buyer or tenant may agree that a designated broker or subagent may share with another designated broker the compensation paid by the buyer or tenant.

2. A licensee who is serving as a limited agent or subagent of a client shall not be liable for misrepresentation of such licensee's client arising out of the brokerage agreement unless the licensee knew or should have known of

the misrepresentation.

3. A licensee who is serving as a limited agent of a client shall not be liable for a misrepresentation of any subagent unless the licensee knew or should have known of the misrepresentation. A broker shall not be liable for misrepresentation of an affiliated licensee unless the broker knew or should have known of the misrepresentation.

4. A licensee who is serving as a subagent shall not be liable for a misrepresentation of the limited agent unless the subagent knew or should have known of the misrepresentation.

Section 12. A designated broker entering into a limited agency agreement with a client for the listing of property or for the purpose of representing that person in the buying, selling, exchanging, renting, or leasing of real estate may appoint in writing affiliated licensees as designated agents to the exclusion of all other affiliated licensees. A designated broker shall not be considered to be a dual agent solely because such broker makes an appointment under this section, except that any licensee who personally represents both the seller and buyer or both the landlord and tenant in a particular transaction shall be a dual agent and shall be required to comply with the provisions governing dual agents.

Section 13. 1. All designated agents to the extent allowed by their licenses shall have the same duties and responsibilities to the client and customer pursuant to sections 3 to 5 of this act as the designated broker except as provided in section 12 of this act.

2. All affiliated licensees have the same protections from vicarious liability as provided in sections 1 to 16 of this act as does their designated broker.

Section 14. Sections 1 to 16 of this act shall supersede the duties and responsibilities of the parties under the common law, including fiduciary responsibilities of an agent to a principal, except as provided in subsection 6 of section 8 of this act. Sections 1 to 16 of this act shall be construed broadly to accomplish their purposes.

Section 15. The commission shall adopt and promulgate rules and regulations to carry out sections 1 to 16 of this act. No rule or portion of a rule promulgated pursuant to the authority of sections 1 to 16 of this act shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

Section 16. Sections 1 to 16 of this act shall become effective on September 1, 1997.";

2. 324.009. 1. Nothing in sections 324.001 to 324.040 of this act shall be construed to authorize any person licensed pursuant to sections 324.001 to 324.040 of this act as a licensed dietitian to engage in any manner of the practice of medicine as defined by the laws of this state.

2. Any person licensed pursuant to sections 324.001 to 324.040 of this act as a licensed dietitian shall practice medical nutrition therapy only within the scope of the person's education and training as provided in sections 324.001 to 324.040 of this act.

Applicants who have obtained

their education outside of the United States and its territories must have their academic degrees validated as equivalent to the baccalaureate or master's degree conferred by a regionally accredited college or university in the United States. Validation of a foreign degree does not eliminate the need for a verification statement of completion of a didactic program in dietetics;

(2) The applicant has completed a supervised practice requirement from an institution that is certified by a nationally recognized professional organization as having a dietetics specialty or who meets criteria for dietetics education established by the committee. The committee may promulgate rules specifying which professional organization certifications are to be recognized and may set standards for education, training and experience required for those without such specialty certification to become dietitians.

3. The applicant shall successfully pass an examination as determined by the committee pursuant to administrative rules. The committee may waive the examination requirement and grant licensure to an applicant for a license as a dietitian who:

(1) Presents satisfactory evidence to the committee of current registration as a dietitian with the Commission on Dietetic Registration; or

(2) For a period of six months from July 1, 1997, a person may apply for licensure without examination and shall be exempt from the academic requirements of sections 324.001 to 324.040 of this act if the committee is satisfied that the applicant:

(a) Has been a resident of the state of Missouri for at least the last six months; and

(b) Holds a valid license as a dietitian from another state; or

(c) Has a bachelor's degree in a program approved by the division, and work experience approved by the division.

4. The division may determine by rule the type of documentation needed to verify that an applicant meets the qualifications provided in subsection 3 of this section.

324.020. 1. Applications for licensure as a dietitian shall be in writing, submitted to the division on forms prescribed by the division and furnished to the applicant. The application shall contain the applicant's statements showing the applicant's education, experience and such other information as the division may require. Each application shall contain a statement that it is made under oath or affirmation and that the information contained therein is true and correct to the best knowledge and belief of the applicant, subject to the penalties provided for the making of a false affidavit or declaration. Each application shall be accompanied by the fees required by the division.

2. The division shall mail a renewal notice to the last known address of each licensee prior to the licensure renewal date. Failure to provide the division with the information required for licensure, or to pay the licensure fee after such notice shall effect a revocation of the license after a period of sixty days from the licensure renewal date. The license shall be restored if, within two years of the licensure date, the applicant submits a written application and pays the licensure fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the division upon payment of a fee.

4. The division shall set by rule the appropriate amount of fees authorized herein. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of sections 324.001 to 324.040 of this act. All fees provided for in sections 324.001 to 324.040 of this act shall be collected by the director who shall transmit the funds to the director of revenue to be deposited in the state treasury to the credit of the "Dietitian Fund" which is hereby created.

5. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriations from the dietitian fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the appropriations from the dietitian fund for the preceding fiscal year.

324.025. 1. The division shall issue a license to each candidate who files an application and pays the fee as required by the provisions of sections 324.001 to 324.040 of this act and who furnishes evidence satisfactory to the committee that the candidate has complied with the provisions of section 324.015 of this act or with the provisions of subsection 2 of this section.

2. The division shall issue a license to any dietitian who is currently licensed in another jurisdiction and has no violation, suspension or revocation of a license to practice medical nutrition therapy in any jurisdiction, provided that, such person is licensed in a jurisdiction whose requirements for licensure are substantially equal to, or greater than, the requirements for licensure of dietitians in Missouri at the time the applicant applies for licensure.

3. The division shall not allow any person to sit for the examination for licensure as a dietitian in this state who has failed the examination as approved by the committee three times, until the applicant submits evidence of satisfactory completion of additional course work or experience and has been approved by the committee for reexamination.

324.030. 1. The division may refuse to issue any license or renew any license required by the provisions of sections 324.001 to 324.040 of this act for one or any combination of reasons stated in subsection 2 of this section. The division shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the right to file a complaint with the administrative hearing commission as provided in chapter 621, RSMo.

2. The division may cause a complaint to be filed with the administrative hearing commission as provided in chapter 621, RSMo, against the holder of any license required by sections 324.001 to 324.040 of this act or any person who has failed to renew or has surrendered the person's license for any one or any combination of the following causes:

(1) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of a dietitian;

(2) Use of any controlled substance, as defined in chapter 195, RSMo, or alcoholic beverage, to an extent that such use impairs a person's ability to engage in the occupation of dietetics; except for the fact that a person has undergone treatment for past substance or alcohol abuse or has participated in a recovery program, shall not by itself be cause for refusal to issue or renew a license;

(3) The person has been fully adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of a dietitian, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(4) Use of fraud, deception, misrepresentation or bribery in securing a license issued pursuant to the provisions of sections 324.001 to 324.040 of this act or in obtaining permission to take the examination required pursuant to sections 324.001 to 324.040 of this act;

(5) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(6) Violation of, or assisting or enabling any person to violate, any provision of sections 324.001 to 324.040 of this act, or of any lawful rule or regulation adopted pursuant to sections 324.001 to 324.040 of this act;

(7) Impersonation of any person holding a license or allowing any person to use his or her license or diploma from any school;

(9) Final adjudication as incapacitated by a court of competent jurisdiction;

(11) Obtaining a license based upon a material mistake of fact;

(12) Failure to display a valid license if so required by sections 324.001 to 324.040 of this act or any rule promulgated pursuant thereto;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;

(15) Being guilty of unethical conduct as defined in the ethical standards for dietitians adopted by the committee pursuant to administrative rule.

3. Any person, organization, association or corporation who reports or provides information to the division pursuant to the provisions of sections 324.001 to 324.040 of this act and who does so in good faith shall not be subject to an action for civil damages as a result thereof.

4. After the filing of a complaint pursuant to subsection 2 of this section, the proceedings shall be conducted in accordance with the provisions of chapter 621, RSMo. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the division may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the division deems appropriate for a period not to exceed three years, or revoke the license of the person.

2. No rule or portion of a rule promulgated under the authority of sections 324.001 to 324.040 of this act shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

324.040. 1. No provision of sections 324.001 to 324.040 of this act shall be construed to mandate benefits or

third-party reimbursement for services of dietitians in the policies or contract of any insurance company, health services corporation or other third-party payor.

2. No provision of sections 324.001 to 324.040 of this act shall be construed to effect procedures for billing for dietitian services provided by agencies, corporations or organizations that employ licensed dietitians."; and

Further amend the title and enacting clause accordingly.

Senator Johnson moved that the above amendment be adopted.

Senator Klarich raised the point of order that **SA 3** is out of order in that the amendment goes beyond the scope and title of the bill.

Senator Melton raised a further point of order that the subject matter of **SA 3** is not connected and not germane to any part of the subject matter contained in the bill under consideration and goes beyond the scope and purpose of the bill and clearly violates the prohibition as set forth in Rule 54, and also violates Rule 57 by attempting to insert a second subject into the bill.

The point of order was referred to the President Pro Tem, who ruled it well taken, rendering Senator Klarich's point of order moot.

Senator Howard offered **SA 4**:

SENATE AMENDMENT NO. 4

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 999, Page 12, Section 334.749, Line 39 by inserting immediately after said line, the following:

The application fee shall not be refundable. Each application shall contain a statement that it is made under oath or affirmation and that its representations are true and correct to the best knowledge and belief of the person signing same, subject to the penalties of making a false affidavit or declaration.

2. Each applicant shall submit evidence satisfactory to the committee that he is at least twenty-one years of age, is of good moral character, and meets the appropriate educational and supervised training requirements as set forth in either section 337.021 or 337.025, or is qualified for licensure without examination pursuant to section 337.029. In determining the acceptability of the applicant's qualifications, the committee may require evidence that it deems reasonable and proper, in accordance with law, and the applicant shall furnish the evidence in the manner required by the committee.

3. The committee with assistance from the division shall license and register as a psychologist any applicant who, in addition to having fulfilled the other requirements of sections 337.010 to 337.090, passes the Examination for Professional Practice in Psychology or such other examination in psychology which may be adopted by the committee, except that an applicant fulfilling the requirement of section 337.029 shall be licensed without examination.

4. Written and oral examinations under sections 337.010 to 337.090 shall be administered by the committee at least twice each year to those applicants who meet the other requirements for licensure. The committee shall examine in the areas of professional knowledge, techniques and applications, research and its interpretation, professional affairs, ethics, and Missouri law and regulations governing the practice of psychology. The committee may use, in whole or in part, the Examination for Professional Practice in Psychology national examination in psychology or such other national examination in psychology which may be available.

5. If an applicant fails any examination, he shall be permitted to take a subsequent examination, upon the payment of an additional reexamination fee. This reexamination fee shall not be refundable.

337.030. 1. Each psychologist licensed [under] **pursuant to** the provisions of sections 337.010 to 337.090, who has not filed with the committee a verified statement that [he] **the psychologist** has retired from or terminated [his] **the psychologist's** practice of psychology in this state, shall register with the division on or before the registration renewal date. The division shall require a registration fee which shall be submitted together with [the] **proof of compliance with the continuing education requirement as provided in section 337.050 and any other** information required for such registration. Upon receipt of the required [information] **material** and of the registration fee, the division shall issue a renewal certificate of registration. The division shall, when issuing an initial license to an applicant who has met all of the qualifications of [this act] **sections 337.010 to 337.093** and has been approved for licensure by the committee shall grant [him] **the applicant**, without payment of any further fee, a certificate of registration valid until the next registration renewal date.

2. The division shall mail a renewal notice to the last known address of each licensee prior to the registration renewal date. Failure to provide the division with the **proof of compliance with the continuing education requirement and other** information required for registration, or to pay the registration fee after such notice shall effect a revocation of the license after a period of sixty days from the registration renewal date. The license shall be restored if, within two years of the registration renewal date, the applicant provides written application and the payment of the registration fee and a delinquency fee **and proof of compliance with the requirements for continuing education as provided in section 337.050**.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the committee, upon payment of a reasonable fee.

The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering [this chapter] **sections 337.010 to 337.050**.

337.045. Nothing in sections 337.010 to 337.090 shall in any way limit:

Further amend said bill, Page 12, Section 334.749, Line 39, by inserting after all of said line the following:

"337.603. No person shall use the title of "licensed clinical social worker", "clinical social worker" or "provisional licensed clinical social worker" and engage in the practice of clinical social work in this state unless the person is licensed as required by the provisions of sections 337.600 to 337.639. Only individuals who are licensed clinical social workers shall practice social work as an independent practice. Sections 337.600 to 337.639 shall not apply to:

(1) Any person registered, certificated, or licensed by this state, another state, or any recognized national certification agent acceptable to the [division] **committee** to practice any other occupation or profession while rendering services similar in nature to clinical social work in the performance of the occupation or profession which the person is registered, certificated, or licensed; and

(2) The practice of any social worker who is employed by any agency or department of the state of Missouri while discharging the person's duties in that capacity.

337.606. For a period of twenty-four months from July 1, 1990, applicants for licensure shall be exempted from the academic requirements of sections 337.600 to 337.639 if the [division] **committee** is satisfied that the applicant has acceptable educational qualifications, or social work experience, or is currently engaged in the practice of clinical social work. After that time no person shall engage in clinical social work practice for compensation or hold himself **or herself** out as a licensed clinical social worker unless [he] **the person** is licensed in accordance with the provisions of sections 337.600 to 337.639.

337.612. 1. Applications for licensure as a clinical social worker shall be in writing, submitted to the [division] **committee** on forms prescribed by the [division] **committee** and furnished to the applicant. The application shall contain the applicant's statements showing [his] **the applicant's** education, experience, and such other information as the [division] **committee** may require. Each application shall contain a statement that it is made under oath or affirmation and that the information contained therein is true and correct to the best knowledge and belief of the applicant, subject to the penalties provided for the making of a false affidavit or declaration. Each application shall be accompanied by the fees required by the [division] **committee**.

2. The [division] **committee** shall mail a renewal notice to the last known address of each licensee prior to the licensure renewal date. Failure to provide the [division] **committee** with the information required for licensure, or to pay the licensure fee after such notice shall effect a revocation of the license after a period of sixty days from the licensure renewal date. The license shall be restored if, within two years of the licensure date, the applicant provides written application and the payment of the licensure fee and a delinquency fee.

3. A new certificate to replace any certificate lost, destroyed or mutilated may be issued subject to the rules of the [division] **committee**, upon payment of a fee.

4. The [division] **committee** shall set the amount of the fees which sections 337.600 to 337.639 authorize and require by rules and regulations promulgated pursuant to section 536.021, RSMo. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of sections 337.600 to 337.639. All fees provided for in sections 337.600 to 337.639 shall be collected by the director who shall deposit the same with the state treasurer in a fund to be known as the "Clinical Social Workers Fund".

5. The provisions of section 33.080, RSMo, to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue until the amount in the fund at the end of the biennium exceeds two times the amount of the appropriations from the clinical social workers fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the appropriate multiple of the

appropriations from the clinical social workers fund for the preceding fiscal year.

337.615. 1. Each applicant for licensure as a clinical social worker shall furnish evidence to the [division] **committee** that:

(1) The applicant has a master's degree from a college or university program of social work accredited by the council of social work education or a doctorate degree from a school of social work acceptable to the committee;

(2) The applicant has twenty-four months of supervised clinical experience acceptable to the committee, as defined by rule;

(3) The applicant is at least eighteen years of age, is of good moral character, is a United States citizen or has status as a legal resident alien, and has not been convicted of a felony during the ten years immediately prior to application for licensure.

2. Any person not a resident of this state holding a valid unrevoked and unexpired license, certificate or registration from another state or territory of the United States having substantially the same requirements as this state for clinical social workers may be granted a license to engage in the person's occupation in this state upon application to the [division] **committee** accompanied by the appropriate fee as established by the committee pursuant to section 337.612.

3. The [division] **committee** shall issue a license to each person who files an application and fee as required by the provisions of sections 337.600 to 337.639 and who furnishes evidence satisfactory to the committee that the applicant has complied with the provisions of subdivisions (1) to (3) of subsection 1 of this section or with the provisions of subsection 2 of this section. The [division] **committee** shall issue a provisional clinical social worker license to any applicant who meets all requirements of subdivisions (1) and (3) of subsection 1 of this section, but who has not completed the twenty-four months of supervised clinical experience required by subdivision (2) of subsection 1 of this section, and such applicant may reapply for licensure as a clinical social worker upon completion of the twenty-four months of supervised clinical experience.

337.618. Each license issued pursuant to the provisions of sections 337.600 to 337.639 shall expire on a renewal date established by the director. The term of licensure shall be twenty-four months; however, the director may establish a shorter term for the first licenses issued pursuant to this act in accordance with the provisions of subsection 14 of section 620.010, RSMo. The [division] **committee** shall renew any license upon application for a renewal and upon payment of the fee established by the [division] **committee** pursuant to the provisions of section 337.612.

337.621. The [division] **committee** may issue temporary permits to practice under extenuating circumstances as determined by the [division] **committee** and defined by rule.

337.622. 1. There is hereby established the "State Committee for Social Workers", which shall guide, advise, and make recommendations to the division and fulfill other responsibilities designated by sections 337.600 to 337.649. 2. The committee shall consist of seven members, including a public member appointed by the governor. Each member of the committee shall be a citizen of the United States and a resident of this state. The committee shall consist of six licensed clinical social workers and one voting public member. At least two committee members shall be involved in the private practice of clinical social work. Any person who is a member of any clinical social worker advisory committee appointed by the director of the division of professional registration shall be eligible for appointment to the state committee for social work on the effective date of this section. The governor shall endeavor to appoint members from different geographic regions of the state and with regard to the pattern of distribution of social workers in the state. The term of office for committee members shall be four years and no committee member shall serve more than ten years. Of the members first appointed, the governor shall appoint two members, one of whom shall be the public member, whose terms shall be four years; two members whose terms shall be three years; two members whose terms shall be two years; and one member whose term shall be one year.

3. A vacancy in the office of a member shall be filled by appointment by the governor for the remainder of the unexpired term.

5. The committee shall hold an annual meeting at which it shall elect from its membership a chairperson and a secretary. The committee may hold such additional meetings as may be required in the performance of its duties, provided that notice of every meeting must be given to each member at least three days prior to the date of the meeting. A quorum of the board shall consist of a majority of its members.

6. The governor may remove a committee member for misconduct, incompetency or neglect of the member's official duties after giving the committee member written notice of the charges against such member and an opportunity to be heard thereon.

7. The duties of the public member shall not include the determination of the technical requirements to be met for licensure or whether any person meets such technical requirements or of the technical competence or technical judgment of a licensee or a candidate for licensure.

337.627. 1. The [division] **committee** shall promulgate rules and regulations pertaining to:

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution [under] **pursuant to** the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of a clinical social worker; for any offense an essential element of which is fraud, dishonesty or an act of violence; or for any offense involving moral turpitude, whether or not sentence is imposed;

4. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621, RSMo. In the case of rental units, all proposals approved by the commission shall require a land use restriction agreement stating the provision of affordable housing on said property for a time period deemed reasonable by the commission. In the case of owner

occupied units, all proposals approved by the commission shall require a land use restriction agreement for a time period deemed reasonable by the commission requiring any subsequent owner, except a lender with a security interest in the property, to be an owner occupant whose income at the time of acquisition is at or below the level described in section 32.105, and further requiring the acquisition price to any subsequent owner shall not exceed by more than a five percent annual appreciation the acquisition price to the original, eligible owner at the time tax credits are first claimed. **The land use restriction agreement shall constitute a lien as described in subdivision (4) of subsection 3 of section 32.115.** The restriction shall be approved by the property owner and shall be binding on any subsequent owner of the property unless otherwise approved by the commission. In approving a proposal, the commission may authorize the use of tax credits by one or more of the business firms listed in the proposal and shall establish specific requirements regarding the degree of completion of affordable housing assistance activities necessary to be eligible for tax credits provided under this section. If, in the opinion of the commission or its delegate, a business firm's investment can more consistently with the purposes of this section be made through [contributions to] a neighborhood organization, tax credits may be allowed as provided in this section. **The commission may approve requests for multi-year credit commitments provided eligibility is maintained.** The commission or its delegate is hereby authorized to promulgate rules and regulations for establishing criteria for evaluating such proposals by business firms for approval or disapproval, for establishing housing priorities for approval or disapproval of such proposals by business firms, and for the certification of eligibility for tax credits authorized under this section. The decision of the commission or its delegate to approve or disapprove a proposal pursuant to this section shall be in writing, and if approved, the maximum credit allowable to the business firm shall be stated. 32.112. Any business firm which makes a contribution to a neighborhood organization, a significant part of whose activities consist of affordable housing assistance activities in the state of Missouri, shall receive a tax credit as provided in section 32.115 if the commission approves a proposal submitted by one or more business firms for the general operating assistance of such neighborhood organization. [3.] (2) Except as provided in [subsection 2 or 5] **subdivision (1) or (4)** of this [section] **subsection**, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development[.];

[4.] (3) Except as provided in [subsection 2 or 5] **subdivision (1) or (4)** of this [section] **subsection**, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in **subdivision 5 of this subsection** [6 of this section]. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved under section 32.111, **32.112** or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed [twenty] **twenty-two** million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460, RSMo. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125[.];

If the affordable housing units for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved under section 32.111 for the [first] fiscal year **beginning July 1, 1991** shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year[.];

[8.] (2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify said certification[.];

[9.] (3) In the case of owner occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification[.];

[10.] (4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission [shall revoke the proposal's certificate of eligibility and all business firms included in the proposal shall be prohibited from claiming any future tax credits under the proposal and shall remit the amount of tax credits taken in previous tax years under the proposal to the director of revenue. The commission shall notify the director of revenue of any such revocation.] **may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.**

4. For proposals approved under section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. "Industry" does not include a business which closes or substantially reduces its operation in one area of the state and relocates substantially the same operation in another area of the state. 178.893. A community college district **or a state technical college**, with the approval of the department of economic development in consultation with the office of administration, may enter into an agreement to establish a project and provide program services to an employer. As soon as possible after initial contact between a community college district **or a state technical college** and a potential employer regarding the possibility of entering into an agreement, the district **or college** shall inform the division of job development and training of the department of economic development and the office of administration about the potential project. The division of job development and training shall evaluate the proposed project within the overall job training efforts of the state to ensure that the project will not duplicate other job training programs. The department of economic development shall have fourteen days from receipt of the application to approve or disapprove projects. If no response is received by the community college **or the state technical college** within fourteen days the projects are approved. Any project that is disapproved must be in writing stating the reasons for the disapproval. If an agreement is entered into, the district and the employer shall notify the department of revenue within fifteen calendar days. An agreement may provide, but is not limited to:

(1) Payment of program costs, including deferred costs, which may be paid from one or a combination of the following sources:

Payments for on-the-job training shall not exceed the average of fifty percent of the total percent of the total wages paid by the employer to each participant during the period of training. Payment for on-the-job training may continue for up to six months after the placement of the participant in the new job;

(4) A provision which fixes the minimum amount of new jobs credit from withholding, or tuition and fee payments which shall be paid for program costs;

(5) Any payment required to be made by an employer is a lien upon the employer's business property until paid and has equal precedence with ordinary taxes and shall not be divested by a judicial sale. Property subject to the lien may be sold for sums due and delinquent at a tax sale, with the same forfeitures, penalties, and consequences as for the nonpayment of ordinary taxes. The purchasers at tax sale obtain the property subject to the remaining payments.

178.894. If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, such new jobs credit from withholding shall be determined and paid as follows:

(1) New jobs credit from withholding shall be based upon the wages paid to the employees in the new jobs;

(2) A portion of the total payments made by the employer pursuant to section 143.221, RSMo, shall be designated as the new jobs credit from withholding. Such portion shall be an amount equal to two and one-half percent of the gross wages paid by the employer for each of the first one hundred jobs included in the project and one and one-half percent of the gross wages paid by the employer for each of the remaining jobs included in the project. If business or employment conditions cause the amount of the new jobs credit from withholding to be less than the amount projected in the agreement for any time period, then other withholding tax paid by the employer pursuant to section 143.221, RSMo, shall be credited to the Missouri junior college job training fund by the amount of such difference. The employer

shall remit the amount of the new jobs credit to the department of revenue in the manner prescribed in section 178.896. When all program costs, including the principal of, premium, if any, and interest on the certificates have been paid, the employer credits shall cease;

(3) The community college district **or the state technical college** participating in a project shall establish a special fund for and in the name of the project. All funds appropriated by the general assembly from the Missouri community college job training program fund and disbursed by the division of job development and training for the project and other amounts received by the district **or college** in respect of the project and required by the agreement to be used to pay program costs for the project shall be deposited in the special fund. Amounts held in the special fund may be used and disbursed by the district **or college** only to pay program costs for the project. The special fund may be divided into such accounts and subaccounts as shall be provided in the agreement, and amounts held therein may be invested in investments which are legal for the investment of the district's other funds;

(4) Any disbursement in respect of a project received from the division of job development and training under the provisions of sections 178.892 to 178.896 and the special fund into which it is paid may be irrevocably pledged by a junior college district **or a state technical college** for the payment of the principal of, premium, if any, and interest on the certificate issued by a junior college district **or a state technical college** to finance or refinance, in whole or in part, the project;

(5) The employer shall certify to the department of revenue that the credit from withholding is in accordance with an agreement and shall provide other information the department may require;

(6) An employee participating in a project will receive full credit for the amount designated as a new jobs credit from withholding and withheld as provided in section 143.221, RSMo;

(7) If an agreement provides that all or part of program costs are to be met by receipt of new jobs credit from withholding, the provisions of this subsection shall also apply to any successor to the original employer until such time as the principal and interest on the certificates have been paid.

178.895. 1. To provide funds for the present payment of the costs of new jobs training programs, a community college district **or a state technical college** may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement including disbursements from the Missouri community college job training program to the special fund established by the district **or the college** for each project. The total amount of outstanding certificates sold by all junior college districts **and the state technical college** shall not exceed twenty million dollars, unless an increased amount is authorized in writing by a majority of members of the Missouri job training joint legislative oversight committee. The certificates shall be marketed through financial institutions authorized to do business in Missouri. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board of trustees, and may bear interest at such rate or rates as the board of trustees shall determine, notwithstanding the provisions of section 108.170, RSMo, to the contrary. However, chapter 176, RSMo, does not apply to the issuance of these certificates. Certificates may be issued with respect to a single project or multiple projects and may contain terms or conditions as the board of trustees may provide by resolution authorizing the issuance of the certificates.

2. Certificates issued to refund other certificates may be sold at public sale or at private sale as provided in this section with the proceeds from the sale to be used for the payment of the certificates being refunded. The refunding certificates may be exchanged in payment and discharge of the certificates being refunded, in installments at different times or an entire issue or series at one time. Refunding certificates may be sold or exchanged at any time on, before, or after the maturity of the outstanding certificates to be refunded. They may be issued for the purpose of refunding a like, greater, or lesser principal amount of certificates and may bear a higher, lower, or equivalent rate of interest than the certificates being renewed or refunded.

3. Before certificates are issued, the board of trustees shall publish once a notice of its intention to issue the certificates, stating the amount, the purpose, and the project or projects for which the certificates are to be issued. A person may, within fifteen days after the publication of the notice, by action in the circuit court of a county in the

district, appeal the decision of the board of trustees to issue the certificates. The action of the board of trustees in determining to issue the certificates is final and conclusive unless the circuit court finds that the board of trustees has exceeded its legal authority. An action shall not be brought which questions the legality of the certificates, the power of the board of trustees to issue the certificates, the effectiveness of any proceedings relating to the authorization of the project, or the authorization and issuance of the certificates from and after fifteen days from the publication of the notice of intention to issue.

4. The board of trustees shall determine if revenues provided in the agreement are sufficient to secure the faithful performance of obligations in the agreement.

5. Certificates issued under this section shall not be deemed to be an indebtedness of the state [or], the community college district, **the state technical college** or of any other political subdivision of the state and the principal and interest on such certificates shall be payable only from the sources provided in subdivision (1) of section 178.893 which are pledged in the agreement.

6. The department of economic development shall coordinate the new jobs training program, and may promulgate rules that districts **and the state technical college** will use in developing projects with new and expanding industrial new jobs training proposals which shall include rules providing for the coordination of such proposals with the service delivery areas established in the state to administer federal funds pursuant to the federal Job Training Partnership Act. No rule or portion of a rule promulgated under the authority of sections 178.892 to 178.896 shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

7. [No] **A** community college district [may] **and the state technical college shall not** sell certificates as described in this section after July 1, 1998.

178.896. 1. There is hereby established within the state treasury a special fund, to be known as the "Missouri Community College Job Training Program Fund", to be administered by the division of job development and training. The department of revenue shall credit to the community college job training program fund, as received, all new jobs credit from withholding remitted by employers pursuant to section 178.894. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. The general assembly, however, shall not provide for any transfer of general revenue funds into the community college job training program fund. Moneys in the Missouri community college job training program fund shall be disbursed to the division of job development and training pursuant to regular appropriations by the general assembly. The division shall disburse such appropriated funds in a timely manner into the special funds established by community college districts **and the state technical college** for projects, which funds shall be used to pay program costs, including the principal of, premium, if any, and interest on certificates issued by the district to finance or refinance, in whole or in part, a project. Such disbursements by the division of job development and training shall be made to the special fund for each project in the same proportion as the new jobs credit from withholding remitted by the employer participating in such project bears to the total new jobs credit from withholding remitted by all employers participating in projects during the period for which the disbursement is made. Moneys for new jobs training programs established under the provisions of sections 178.892 to 178.896 shall be obtained from appropriations made by the general assembly from the Missouri community college job training program fund. All moneys remaining in the Missouri community college job training program fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided in section 33.080, RSMo, but shall remain in the Missouri community college job training program fund.

2. The department of revenue shall develop such forms as are necessary to demonstrate accurately each employer's new jobs credit from withholding paid into the Missouri community college job training program fund. The new jobs credit from withholding shall be accounted as separate from the normal withholding tax paid to the department of revenue by the employer. Reimbursements made by all employers to the Missouri community college job training program fund shall be no less than all allocations made by the division of job development and training to all community college districts for all projects. The employer shall remit the amount of the new job credit to the department of revenue in the same manner as provided in sections 143.191 to 143.265, RSMo.

3. Sections 178.892 to 178.896 shall expire July 1, 2008."; and

Further amend the title and enacting clause accordingly.

Senator Maxwell moved that the above amendment be adopted, which motion prevailed.

2. Certificates issued by the board pursuant to the provisions of sections 7 to 22 of this act shall not constitute an indebtedness or liability of the state of Missouri within the meaning of any state constitutional provision or statutory limitation, shall not constitute a pledge of the faith and credit of the state of Missouri, shall not be guaranteed by the credit of the state, and unless approved by a concurrent resolution of the general assembly, no certificate in default shall be paid by the state of Missouri.

Section 10. 1. The department, in conjunction with the board, shall establish the procedures and standards for the determination and approval of eligible industries and their economic development projects by the promulgation of rules or regulations in accordance with sections 7 to 22 of this act, chapter 536, RSMo, and section 620.1066, RSMo. These rules or regulations shall mandate the evaluation of the credit worthiness of eligible industries, the number of new jobs to be provided by an economic development project to residents of the state, and the likelihood of the economic success of the economic development project. No economic development project which will result in the replacement of facilities existing in the state shall be approved by the board.

2. With respect to each eligible industry making an application to the board for incentives, and with respect to the economic development project described in the application, the board shall request relevant information, documentation and other materials and make inquiries of the applicant as necessary or appropriate. After a diligent review of relevant materials and completion of its inquiries, the board may by resolution designate an economic development project.

Section 11. The board may enter into, with the approval of the department and in consultation with the office of administration, with any eligible industry, a financing agreement with respect to its economic development project. Subject to the inclusion of the mandatory provisions set forth in sections 7 to 22 of this act, the terms and provisions of each financing agreement shall be determined by negotiations between the board and the eligible industry.

Section 12. The financing agreement shall provide in substance that:

(1) It may be assigned by the eligible industry only upon the prior written consent of the board following the adoption of a resolution by the board to such effect; and

(2) Upon default by the eligible industry in any obligations under the financing agreement or other documents evidencing, securing or related to the eligible industry's obligations, the board shall have the right, at its option, to:

(a) Declare the financing agreement or other such documents in default;

(b) Accelerate and declare the total of all such payments due by the eligible industry and sell the economic development project at public, private, or judicial sale;

(c) Pursue any remedy provided under the financing agreement or other such documents;

(d) Be entitled to the appointment of a receiver by the circuit court wherein any part of the economic development project is located; and

(e) Pursue any other applicable legal remedy.

Section 13. After receipt of an application, the board may with the approval of the department, enter into an agreement with an eligible industry for a credit pursuant to sections 7 to 22 of this act if the board determines that all of the following conditions exist:

(1) The applicant's project will create new jobs that were not jobs previously performed by employees of the applicant in Missouri;

(2) The applicant's project is economically sound and will benefit the people of Missouri by increasing opportunities for employment and strengthening the economy of Missouri;

(3) The political subdivisions affected by the project have committed significant local incentives with respect to the project;

(4) Receiving the credit is a major factor in the applicant's decision to go forward with the project and not receiving the credit will result in the applicant not creating new jobs in Missouri;

(5) Awarding the credit will result in an overall positive fiscal impact to the state;

(6) There is at least one other state that the applicant verifies is being considered for the project; and

(7) A significant disparity is identified, using best available data in the projected costs for the applicant's project compared to the costs in the competing state, including the impact of the competing state's incentive programs. The competing state's incentive program shall include state, local, private and federal funds.

Section 14. In determining the credit that should be awarded, the board shall take into consideration the following factors:

(1) The economy of the county where the projected investment is to occur;

(2) The potential impact on the economy of Missouri;

(3) The payroll attributable to the project;

(4) The capital investment attributable to the project;

(5) The amount the average wage paid by the applicant exceeds the average wage paid within the county in which the project will be located;

(6) The costs to Missouri and the affected political subdivisions with respect to the project;

(7) The financial assistance that is otherwise provided by Missouri and the affected political subdivisions; and

(8) The magnitude of the cost differential between Missouri and the competing state.

Section 15. The board shall determine the amount and duration of a project and its associated assessments, credits and refunds. The credit amount may not exceed the estimated assessment. Assessments made for any

project may not exceed a period of fifteen years.

Section 16. An agreement between the board and an eligible industry shall include all of the following:

- (1)** A detailed description of the project that is the subject of the agreement;
- (2)** A specific method for determining the number of new employees employed during a taxable year who are performing jobs not previously performed by an employee of the eligible industry;
- (3)** A requirement that the taxpayer shall annually report to the board the number of new employees who are performing jobs not previously performed by an employee, the total amount of salaries and wages paid to eligible employees in new jobs, and any other information the board needs to perform its duties pursuant to sections 7 to 22 of this act;
- (4)** A requirement that the taxpayer shall provide written notification to the director and the board not more than thirty days after the taxpayer makes or receives a proposal that would transfer the taxpayer's state tax liability obligations to a successor taxpayer;
- (5)** Any other performance conditions that the board and the director determine are appropriate; and
- (6)** A requirement that the taxpayer shall maintain operations at the project location for at least two times the number of years as the term of the tax credit.

Section 17. If the board determines that an eligible industry, which has received a credit pursuant to sections 7 to 22 of this act, is not complying with the requirements of the credit agreement or all of the provisions of sections 7 to 22 of this act, the board shall, after giving the industry an opportunity to explain the noncompliance, notify the department of revenue of the noncompliance and request a penalty. The board shall state the amount of the penalty, which may not exceed the sum of any previously allowed assessments pursuant to sections 7 to 22 of this act.

Section 18. On an annual basis, the director shall provide for an evaluation of the program. The evaluation shall include an assessment of the effectiveness of the program in creating new jobs in Missouri and of the revenue impact of the program. The director shall submit a report on the evaluation to the governor, the president pro tem of the senate, and the speaker of the house of representatives.

Section 19. An agreement between the board and an eligible industry shall provide that all or part of program costs are to be met by receipt of assessments. Assessments shall be based upon wages paid to eligible employees. If business or employment conditions cause the amount of the assessment to be less than the amount projected in the agreement for any time period, then a portion of withholding tax paid by the employer pursuant to sections 143.191 to 143.265, RSMo, may be credited to the board by the amount of such difference. The employer shall remit the amount of the assessment to the board. When all program costs, including the principal of, premium, if any, and interest on the certificates have been paid, the employer credits shall cease.

Section 20. 1. The board shall establish a special fund for and in the name of each project. All received by the board in respect of the project and required by the agreement to be used to

pay program costs for the project shall be deposited in the special fund. Amounts held in the special fund may be used and disbursed by the board only to pay program costs for the project.

2. Any disbursement in respect of a project pursuant to the provisions of sections 7 to 22 of this act, and the special fund into which it is paid, may be irrevocably pledged by the board for the payment of the principal of, premium, if any, and interest on the certificate issued by the board to finance or refinance, in whole or in part, the project.

3. The employer shall certify to the department of revenue that the assessment is in accordance with an

agreement and shall provide other information the department may require.

4. If an agreement provides that all or part of program costs are to be met by receipt of assessments, the provisions of this section shall also apply to any successor to the original employer until such time as the principal and interest on the certificates have been paid.

Section 21. 1. To provide funds for the present payment of the costs of economic development projects, the board may borrow money and issue and sell certificates payable from a sufficient portion of the future receipts of payments authorized by the agreement. The total amount of outstanding certificates sold by the board shall not exceed thirty-five million dollars. This amount can be increased if authorized in writing by the commissioner of administration and the chairman of the senate appropriations committee and the chairman of the house budget committee. The receipts shall be pledged to the payment of principal of and interest on the certificates. Certificates may be sold at public sale or at private sale at par, premium, or discount of not less than ninety-five percent of the par value thereof, at the discretion of the board, and may bear interest at such rate or rates as the board shall determine, notwithstanding the provisions of section 108.170, RSMo, to the contrary. The action shall seek to define the required emission reductions and the credits allowed for current and planned emission reductions measures. The air conservation commission shall request and it shall be the duty of the attorney general to bring an action to obtain injunctive relief to enjoin and restrain the imposition of sanctions on the state of Missouri under the federal Clean Air Act, as amended, 42 U.S.C. 7401, et seq., until all actions initiated under this section have been decided. Provisions of section 307.366, RSMo, to the contrary notwithstanding, the requirements of sections 643.300 to 643.355 shall apply to those areas designated by the commission under this section in lieu of the provisions of section 307.366, RSMo. **On or before December 31, 1996, the department of natural resources and the Missouri state highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of section 307.366, RSMo, and sections 643.300 to 643.355.**

(2) There shall be an adequate number of inspection lanes at each facility so that no more than five percent of all persons having an inspection are required to wait more than fifteen minutes before the inspection begins;

(3) There shall be at least three licensed stations which are capable of testing vehicles which operate only in a four-wheel- drive mode;

[(3)] **(4)** The days and daily hours of operation shall include at least those hours specified by the department, which shall include, at a minimum, twelve continuous hours of operation on all weekdays excepting federal holidays, and six continuous hours of operation on all Saturdays excepting federal holidays;

Thereafter the commission shall consist of the six members appointed by the municipality, except that members representing school boards and other taxing districts shall be appointed as provided in this section prior to any amendments to any redevelopment plans, redevelopment projects or designation of a redevelopment area. Such fee may be collected in addition to any fee authorized or imposed pursuant to the provisions of sections 260.330 and 260.831, and may be paid to such operator by all political subdivisions, municipalities, corporations, entities or persons disposing of solid waste or demolition waste, whether pursuant to contract or otherwise, and notwithstanding that any such contract may provide for collection, transportation and disposal of such waste at a fixed fee. Any such contract providing for collections, transportation and disposal of such waste at a fixed fee which is in force on August 28, 1996, may be renegotiated by the parties to the contract to include the additional fee imposed by this section. Each such operator may submit the fee, less collection costs, to the city, which may dedicate such funds for use by the city and such funds may be used for the management and disposal of hazardous household waste. Collection costs may be the same as established by the department of natural resources pursuant to section 260.330, and may not exceed two percent of the amount collected pursuant to this section.

2. The fee established in this section may be enumerated separately from any disposal fee charged by the landfill. The fee authorized pursuant to this section may be stated as a separate surcharge on each individual solid waste collection customer's invoice and the invoice may also name the industrial development authority which receives the funds. Moneys transmitted to the city may be no less than the amount collected less collection costs and in a form, manner and frequency as the governing body may prescribe. Failure to collect such fee shall not relieve the operator from responsibility for transmitting an amount equal to the fee to the city.

260.835. 1. The governing body of any city described in section 260.833 is hereby authorized to impose, by ordinance, a fee as detailed in section 260.833. The fee authorized by this section shall be in addition to any and all other applicable fees allowed by law, except that no ordinance imposing a fee under the provisions of this section shall be effective unless the governing body of the city submits to the voters of the city and, at a state or municipal, primary or special election, a proposal to authorize the governing body of the city to impose or retain such a fee.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the city of (City's name) allow a solid waste sanitary or demolition landfill to collect a fee of fifteen cents per ton or its volumetric equivalent of solid waste accepted for the purpose of management and disposal of hazardous household waste?

[] YES [] NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No". If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall become effective sixty days thereafter. If a majority of the votes cast on the proposal by the qualified voters voting are opposed to the proposal, then the governing body of the city shall have no power to allow the fee herein authorized unless and until the governing body of the city shall again have submitted another proposal to authorize the governing body of the city to allow the fee authorized by section 260.833 and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by a city from the fee authorized pursuant to the provisions of sections 260.833 and 260.835 shall be deposited in a special trust fund and shall be used by the governing body of the city as specified in section 260.833. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other city

SENATE AMENDMENT NO. 32

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 1237, Page 17, Section 67.1000, Line 20, by inserting after all of said line the following:

"71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that the land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;

(c) That the city has developed a "plan of intent" to provide services to the area proposed for annexation;

(d) That a public hearing shall be held prior to the adoption of the ordinance;

(e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least [two weeks prior to] **once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.**

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the "plan of intent" and evidence in support thereof to include:

(a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, refuse collection, etc.;

(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

(c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

(d) How the city, town, or village proposes to zone the area to be annexed;

(e) When the proposed annexation shall become effective.

(5) Following the hearing, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, then before proceeding as otherwise authorized by law or charter for annexation of unincorporated areas, file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, RSMo, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

(a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and

(c) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070, RSMo.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the "plan of intent" within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding[.];

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing

of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required.

If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the "plan of intent" within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area."; and

Further amend said bill, by amending the title and enacting clause accordingly.

"226.520. On and after March 30, 1972, no outdoor advertising shall be erected or maintained within six hundred sixty feet of the nearest edge of the right-of-way and visible from the main traveled way of any highway which is a part of the interstate or primary system in this state except the following:

(1) Directional and other official signs, including, but not limited to, signs pertaining to natural wonders, scenic and historical attractions, which are required or authorized by law, and which comply with regulations which shall be promulgated by department relative to their lighting, size, number, spacing and such other requirements as may be appropriate to implement sections 226.500 to 226.600, but such regulations shall not be inconsistent with, nor more

restrictive than, such national standards as may be promulgated from time to time by the Secretary of the Department of Transportation of the United States, under subsection (c) of section 131 of Title 23 of the United States Code;

(2) Signs, displays, and devices advertising activities **which are the primary activities** conducted on the property upon which they are located, or services and products **which are among the primary services and products** therein provided;

(3) Outdoor advertising located in areas which are zoned industrial, commercial or the like as provided in sections 226.500 to 226.600 or under other authority of law;

(4) Outdoor advertising located in unzoned commercial or industrial areas as defined and determined pursuant to sections 226.500 to 226.600;

(5) Outdoor advertising for tourist oriented businesses, and scoreboards used in sporting events or other electronic signs with changeable messages which are not prohibited by federal regulations or local zoning ordinances. Outdoor advertising which is authorized by this subdivision (5) shall only be allowed to the extent that such outdoor advertising is not prohibited by Title 23, United States Code, section 131, as now or thereafter amended, and lawful regulations promulgated thereunder. The general assembly finds and declares it to be the policy of the state of Missouri that the tourism industry is of major and critical importance to the economic well-being of the state and that directional signs, displays and devices providing directional information about goods and services in the interest of the traveling public is essential to the economic welfare of the tourism industry. The general assembly further finds and declares that the removal of directional signs advertising tourist oriented businesses is harmful to the tourism industry in Missouri and that the removal of directional signs within or near areas of the state where there is high concentration of tourist oriented businesses would have a particularly harmful effect upon the economies within such areas. The state highways and transportation commission is authorized and directed to determine those specific areas of the state of Missouri in which there is high concentration of tourist oriented businesses, and within such areas, no directional signs, displays and devices which are lawfully erected, which are maintained in good repair, which provide directional information about goods and services in the interest of the traveling public, and which would otherwise be required to be removed because they are not allowed to be maintained under the provisions of sections 226.500 through 226.600 shall be required to be removed until such time as such removal has been finally ordered by the United States Secretary of Transportation;

(6) The provisions of this section shall not be construed to require removal of signs advertising churches or items of religious significance, items of native arts and crafts, woodworking in native products, or native items of artistic, historical, geologic significance, or hospitals or airports."; and

SENATE AMENDMENT NO. 37

Amend Senate Substitute for Senate Committee Substitute for House Substitute for House Committee Substitute for House Bill No. 1237, Page 73, Section 135.529, Line 13, by inserting immediately after said line the following:

"143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be

allocated in this state and other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(3) For the purposes of this section, a transaction involving the sale of tangible property is:

(a) "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

(b) "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

(c) Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state;

(d) [This subdivision shall not apply and subdivision (2) of subsection 2 of this section shall apply to transactions in which tangible property was moved from within this state to another state prior to shipment to the purchaser or in which both the seller's shipping point and the purchaser's destination point of tangible property are determined to be in states which do not have jurisdiction to impose a franchise or an income tax on the taxpayer regardless of whether the states impose such a tax;

(e)] For purposes of this subdivision the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale, and the seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions."; and

(2) An authority shall not prepare a redevelopment or an urban renewal plan for a land clearance or urban renewal project area unless the governing body of the community in which the area is located has declared, by resolution or ordinance, the area to be a blighted, or insanitary area in need of redevelopment or in need of rehabilitation.

(3) An authority shall not recommend a redevelopment or urban renewal plan to the governing body of the community in which the land clearance or urban renewal project area is located until a general plan for the development of the community has been prepared.

(4) The authority itself may prepare or cause to be prepared a redevelopment or urban renewal plan or any person or agency, public or private, may submit such a plan to an authority. A redevelopment or urban renewal plan shall be sufficiently complete to indicate its relationship to definite local objectives as to appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public improvements and the proposed land uses and building requirements in the land clearance or urban renewal project area, and shall include without being limited to:

The planning agency shall submit its written recommendations with respect to the proposed

redevelopment or urban renewal plan to the authority within thirty days after receipt of the plan for review. Upon receipt of the recommendations of the planning agency, or, if no recommendations are received within the thirty days, then without the recommendations, an authority may recommend the redevelopment or urban renewal plan to the governing body of the community for approval.

(6) Prior to recommending a redevelopment or urban renewal plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the land clearance or urban renewal project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted and harmonious development of the community and its environs which, in accordance with present and future needs, will promote health, safety, morals, order, convenience, prosperity and the general welfare, as well as efficiency and economy in the process of development; including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, the prevention of the recurrence of insanitary or unsafe dwelling accommodations, or insanitary areas, or conditions of blight or deterioration, and the provision of adequate, safe and sanitary dwelling accommodations.

The notices shall be posted at least 15 days prior to the hearing.** The notice shall describe the time, date, place and purpose of the hearing and shall also generally identify the area to be covered by the plan. All interested parties shall be afforded at the public hearing a reasonable opportunity to express their views respecting the proposed redevelopment or urban renewal plan.

(9) Following the hearing, the governing body may approve a redevelopment or urban renewal plan if it finds that the plan is feasible and in conformity with the general plan for the development of the community as a whole. A redevelopment or urban renewal plan which has not been approved by the governing body when recommended by the authority may be recommended again to it with any modifications deemed advisable.

(10) A redevelopment or urban renewal plan may be modified at any time by the authority, provided that, if modified after the lease or sale of real property in the land clearance or urban renewal project area, the modification must be consented to by the redeveloper of the real property or his successor, or their successors in interest affected by the proposed modification. Where the proposed modification will substantially change the redevelopment or urban renewal plan as previously approved by the governing body, the modification must similarly be approved by the governing body.

2. As an alternative to the procedures prescribed in subdivisions (2) and (5) of subsection 1, an authority may find an area to be a blighted, insanitary or undeveloped area in need of redevelopment or rehabilitation, and simultaneously prepare a plan, or adopt a plan presented to the authority, and the authority may simultaneously recommend its finding of a blighted, insanitary or undeveloped area and the approval of a plan to the governing body of the community, and the governing body may make its finding that the area is blighted, insanitary or undeveloped and approve the plan simultaneously. Simultaneously with such recommendation of a finding of a blighted or insanitary or undeveloped industrial area and recommendation of a plan to the governing body for approval, an authority shall submit the finding

of a blighted or insanitary or undeveloped area and the plan to the planning agency, if any, of the community in which the project area is located for review and recommendation as to the conformity of the plan to the general plan for the development of the community as a whole. The planning agency shall submit its written recommendations with respect to the finding of a blighted or insanitary or undeveloped industrial area and the plan to the authority and the local governing body within thirty days after receipt of the findings and the plan for review. Upon receipt of the recommendations of the planning agency, or, if no recommendations are received within the thirty days, then without the recommendations, the governing body may simultaneously approve the finding of a blighted or insanitary or undeveloped area and approve the plan in the manner prescribed in subdivisions (8) and (9) of subsection 1."; and

"370.366. 1. Upon compliance with any applicable laws of the United States and upon obtaining the approval of the directors of the division of finance and the division of credit unions within the department of economic development, any central credit union organized pursuant to section 370.365 may be converted under the laws of this state into a bank or trust company located in this state, or may be consolidated or merged with one or more banks or trust companies or central credit unions incorporated under the laws of the United States or any state under the charter of a bank or trust company incorporated under the laws of this state; provided, however, that the central credit union and its members must comply with the procedure, notice and voting requirements of sections 370.351 to 370.357, and that the approval of the director of finance shall not be required for transactions not involving a bank or trust company. The name of the resulting or surviving bank or trust company in the case of conversion, consolidation or merger may be the name of a party to the conversion, consolidation or merger, provided that in no case shall the name contain the word "national" or "federal" or be the same as or deceptively similar to the name of any bank or trust company incorporated under the laws of this state which is engaged in business at the time of the particular conversion, consolidation or merger and is not a party thereto.

2. (1) In the case of conversion the majority of the board of directors of the central credit union shall proceed as is provided by law for other individuals incorporating a bank or trust company under the laws of this state except that the articles of agreement:

(a) May provide that instead of the capital stock having actually been paid up in money it is to be paid up in assets of the converting central credit union, the net value of which is equal to at least the full amount of the capital stock of the proposed resulting bank or trust company which capital stock shall be no less than that

required by law for a bank or trust company, as the case may be, to be located in the state of Missouri;

(b) Shall provide that the proposed resulting bank or trust company is and shall be considered the same business and corporate entity as, and a continuation of the corporate entity and identity of, the converting central credit union although as to rights, powers and duties the proposed resulting institution is a bank or trust company incorporated under the laws of the state of Missouri;

(c) Shall set out the names and addresses of all persons who are to be officers of the proposed bank or trust company; and

(d) Shall set out the manner as provided in subdivision (1) of section 370.356 in which the ownership interest of the members shall be converted into stock of the resulting bank or trust company which stock ownership by the member or shareholder shall be lawful for this sole purpose; provided, however, that the director of finance may reject any such application upon a determination that the statutory treatment accorded the members of the converting central credit union is not fair and reasonable.

(2) If the director of finance, as the result of an examination and investigation made by the division of finance, is satisfied that such assets are of such value and that the character, responsibility and general fitness of the persons named in the articles of agreement are such as to command confidence and warrant belief that the business of the proposed corporation will be honestly and efficiently conducted in accordance with the purpose and intent of the laws of this state relative to banks or trust companies, the director of finance shall grant the charter. If the director of finance is not satisfied, the director of finance shall forthwith give notice thereof to the majority of the board of directors of the converting central credit union who shall have the same right of appeal as is provided by the laws of this state in the case of the proposed incorporators of a new bank or trust company.

(3) Upon the approval of the particular conversion being granted, the director of finance shall execute and deliver to the majority of the board of directors of the converting central credit union a certificate declaring that the bank or trust company therein named has been duly organized and is the institution resulting from the conversion of the central credit union into the resulting bank or trust company, and that the resulting bank or trust company is and shall be considered the same business and corporate entity as, and a continuation of the corporate entity and identity of, the converting central credit union. The certificate shall be recorded in the office of the recorder of deeds of the county or city in which the resulting bank or trust company is located and the certificate so recorded, or certified copies thereof, shall be taken in all the courts of this state as evidence of the conversion of the central credit union into the resulting bank or trust company and that the resulting bank or trust company is the same business and corporate entity as, and a continuation of the corporate entity and identity of, the converting central credit union.

(4) When the director of finance has given a certificate as aforesaid:

(a) The resulting bank or trust company and all its stockholders, directors, officers, and employees shall have the same powers and privileges and be subject to the same duties and liabilities in all respects as if such an institution had originally been organized as a bank or trust company under the laws of this state;

(b) All the rights, franchises, and interests of the converting central credit union in and to every type of property, real, personal and mixed, and choses in action thereto belonging shall be deemed to be transferred to and vest in the resulting bank or trust company without any deed or other transfer; and

(c) The resulting bank or trust company by virtue of the conversion and without any order of any court or otherwise shall hold and enjoy the same and all rights of property and interests including, but not limited to, appointments, designations and nominations and all other rights and interests, as trustee, personal representative, conservator, receiver, registrar, assignee and every other fiduciary capacity in the same manner and to the same extent as these rights and interests were held or enjoyed by the converting central credit union at the time of its conversion into the resulting bank or trust company; provided, however, that its corporate powers shall be limited to those granted to a bank or trust company under the laws of this state.

3. In the case of consolidation or merger, the same shall be consummated by each federally chartered central credit union complying with the laws of the United States relating to the consent of its members, by each state chartered central credit union complying with sections 370.351 to 370.357 relating to the consent of its members, and also by each bank or trust company complying with the provisions of the laws of this state relating to consolidation or merger of banks or trust companies, except that where the resulting institution is a bank rather than a trust company the number and qualifications of directors and any requirement that directors shall or may be divided into classes shall be determined as provided by law for banks. The rights of dissenting shareholders of the bank or trust company shall be determined as provided by the laws of this state in the case of consolidation or merger of banks or trust companies. The rights of dissenting shareholders of the central credit union shall be determined as provided by section 370.356. In the case of consolidation or merger the resulting bank or trust company shall be considered the same business and corporate entity as, and a continuation of the corporate entity and identity of, each central credit union and each bank or trust company which is a party to the consolidation or merger."; and

4. No person shall file a nonconsensual common law lien as defined in section 4 of this act.

5. A violation of subsection 4 of this section is a class B misdemeanor.

6. Subsection 4 of this section shall not apply to a filing officer as defined in section 4 of this act that is acting in the scope of employment.

Section 4. 1. For the purposes of sections 4 to 10 of this act:

(1) "Court" is the United States Supreme Court, Federal Courts of Appeal, Federal District Courts, Federal Magistrates, Federal Administrative Courts, Missouri supreme court, Missouri courts of appeal, Missouri circuit courts, and Missouri associate circuit courts but shall not include municipal courts;

(2) "Filing officer" is the secretary of state, the recorder of deeds of any county, the circuit clerk of any county or any public official or authorized employee required by law to accept for filing and keep as a public record any lien, deed, instrument, judgment or other document, whether in paper, electronic or other form, required to be filed or recorded under the laws of this state;

(3) "Nonconsensual common law lien" is a document that purports to assert a lien against the assets, real or personal, of any person and that, regardless of any self-description:

(a) Is not expressly provided for by a specific state or federal statute;

(b) Does not depend upon the consent of the owner of the property affected or the existence of a contract for its existence; and

(c) Is not an equitable or constructive lien imposed by a state or federal court of competent jurisdiction.

2. Nothing in sections 4 to 10 of this act shall be construed to create a lien or interest in property not otherwise existing under state or federal law.

3. Nothing in sections 4 to 10 of this act shall be construed to permit a municipal court to create a lien or interest in property not otherwise existing under state or federal law.

Section 5. 1. Any filing officer may reject for filing or recording any nonconsensual common law lien. This section shall not be construed to permit rejection of a document that is shown to be authorized by contract, lease or statute or imposed by a state or federal court of competent jurisdiction or filed by a licensed attorney, a financial institution including, but not limited to, any commercial bank, savings and loan association or credit

The form shall be captioned "Notice of Invalid Lien" and shall state the name and address of the person on whose behalf such notice is filed, the name and address of the lien claimant and a clear reference to the document or documents the person believes constitute a nonconsensual common law lien. Section 6. Any person who attempts to file a lien against real or personal property that is rejected pursuant to subsection 1 of section 5 of this act may petition the circuit court of the county of the filing officer that rejected such lien for an order, which may be granted ex parte, directing the filing officer to file or record the lien pending a hearing on whether the lien constitutes a nonconsensual common law lien. The lien claimant shall appear before the court as the petitioner within ten business days following the date of service of the petition and order on the filing officer, and show cause, if any, why the lien should not be declared void and other relief provided for by section 5 of this act should not be granted. The petition shall state the grounds upon which relief is requested, and shall be supported by the affidavit of the petitioner or the petitioner's attorney setting forth a concise statement of the facts upon which the claim for relief is based.

Section 7. Any person who has real or personal property or an interest therein, which is subject to a recorded nonconsensual common law lien who believes such lien is invalid may petition the circuit court of the county in which the lien has been recorded or filed for an order, which may be granted ex parte, directing the lien claimant to appear before the court within ten business days following the date of service of the petition and order on the lien claimant, and show cause, if any, why the claim of lien should not be declared void and other relief provided for by section 8 of this act should not be granted. The petition shall state the grounds upon which relief is requested, and shall be supported by the affidavit of the petitioner or the petitioner's attorney setting forth a concise statement of the facts upon which the claim for relief is based.

Section 8. 1. Any order rendered pursuant to section 3 or 4 of this act shall clearly state that if the lien claimant fails to appear at the time and place noted, the claim of lien shall be declared void ab initio and released and that the lien claimant shall be ordered to pay the costs incurred by any other party to the proceeding, including reasonable attorney's fees.

2. If, following a hearing on the matter, the court determines that the document at issue is a nonconsensual common law lien, the court shall issue an order declaring the lien void ab initio, releasing the lien and awarding costs and reasonable attorney's fees to the prevailing party.

3. If the court determines that the claim of lien is valid, the court shall issue an order so stating and may award costs and reasonable attorney's fees to the prevailing party.

4. A certified copy of any order rendered pursuant to this section shall be filed by the circuit clerk in the office of the appropriate filing officer.

Section 9. Filing officers and any employees thereof, acting in the scope of employment, shall not be liable for damages pursuant to sections 4 to 8 of this act and, except as otherwise provided by law, shall not be required to defend decisions to accept or reject any documents.

Section 10. Any person who records or files in the office of a filing officer:

shall be liable to the damaged party for actual damages or five thousand dollars, whichever is greater plus costs and reasonable attorney's fees.

Amend Senate Substitute No. 4 for Senate Committee Substitute for House Committee Substitute for House Bill No. 800, 812, 817 and 821, Page 35, Section 217.730, Line 2 by inserting immediately before said line, the following:

"211.071. 1. If a petition alleges that a child between the ages of twelve and seventeen has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, RSMo, second degree murder under section 565.021, RSMo, first degree assault under section 565.050, RSMo, forcible rape under section 566.030, RSMo, forcible sodomy under section 566.060, RSMo, first degree robbery under section 569.020, RSMo, or distribution of drugs under section 195.211, RSMo, or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between

seventeen and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

(1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;

(2) Whether the offense alleged involved viciousness, force and violence;

(3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;

(4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;

(5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;

(6) The sophistication and maturity of the child as determined by consideration of his home and environmental situation, emotional condition and pattern of living;

(7) The age of the child;

(8) The program and facilities available to the juvenile court in considering disposition; **and**

(9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court[; and

(10) Racial disparity in certification].

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

- (1) Findings showing that the court had jurisdiction of the cause and of the parties;
- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171."; and

SENATE AMENDMENT NO. 7

Amend Senate Committee Substitute for House Committee Substitute for House Bills Nos. 1157 and 1489, Page 13, Section 113.535, Line 6 by inserting immediately after said line, the following:

"130.016. 1. No candidate for statewide elected office, general assembly, judicial office other than municipal judge,

county office or municipal office in a city with a population of more than ten thousand shall be required to comply with the requirements to file a statement of organization or disclosure reports of contributions and expenditures for any [election] **calendar quarter** in which neither the aggregate of contributions received nor the aggregate of expenditures made on behalf of such candidate exceeds one thousand dollars and no single contributor, other than the candidate, has contributed more than two hundred fifty dollars of the aggregate contributions received, provided that:

(1) The candidate files a sworn exemption statement with the appropriate officer that he does not intend to either receive contributions or make expenditures in the aggregate of more than one thousand dollars or receive contributions from any single contributor, other than himself, that aggregate more than two hundred fifty dollars and that the total of all contributions received or expenditures made by him and all committees or any other person with his knowledge and consent in support of his candidacy will not exceed one thousand dollars and that the aggregate of contributions received from any single contributor will not exceed two hundred fifty dollars. Such exemption statement shall be filed no later than the date set forth in **subdivision (5) of subsection 1 of** section 130.046 [on which a disclosure report would otherwise be required if the candidate does not file the exemption statement]. The exemption statement shall be filed on a form furnished to each appropriate officer by the administrative secretary of the Missouri ethics commission. Each appropriate officer shall make the exemption statement available to candidates and shall direct each candidate's attention to the exemption statement and explain its purpose to the candidate; and

(2) The sworn exemption statement includes a statement that the candidate understands that records of contributions and expenditures must be maintained from the time he first receives contributions or makes expenditures and that an exemption from filing a statement of organization or disclosure reports does not exempt him from other provisions of this chapter.

2. Any candidate who has filed an exemption statement as provided in subsection 1 of this section shall not accept any contribution or make any expenditure in support of his candidacy, either directly or indirectly or by or through any committee or any other person acting with his knowledge and consent, which would cause such contributions or expenditures to exceed the limits specified in subdivision (1) of subsection 1 of this section unless he later rejects the exemption pursuant to the provisions of subsection 3 of this section. Any contribution received in excess of such limits shall be returned to the donor or transmitted to the state treasurer to escheat to the state.

3. If, after filing the exemption statement provided for in this section, the candidate subsequently determines he wishes to exceed any of the limits in subdivision (1) of subsection 1 of this section, he shall file a notice of rejection of the exemption with the appropriate officer; however, such rejection shall not be filed later than the twelfth day before election. A notice of rejection of exemption shall be accompanied by a statement of organization as required by section 130.021 and any other statements and reports which would have been required if the candidate had not filed an exemption statement.

4. [A primary election and the immediately succeeding general election are separate elections, and restrictions on contributions and expenditures set forth in subsection 2 of this section shall apply to each election; however, if a successful primary candidate has correctly filed an exemption statement prior to the primary election and has not filed a notice of rejection prior to the date on which the first disclosure report applicable to the succeeding general election is required to be filed, he shall not be required to file an exemption statement for that general election if the limitations set forth in subsection 1 of this section apply to the succeeding general election.

5.] A candidate who has an existing candidate committee formed for a prior [election] **calendar quarter** for which all statements and reports required by this chapter have been properly filed shall be eligible to file the exemption statement as provided in subsection 1 of this section and shall not be required to file the disclosure reports pertaining to the [election] **calendar quarter** for which he is eligible to file the exemption statement if the candidate and the treasurer of such existing candidate committee continue to comply with the requirements, limitations and restrictions set forth in subsections 1, 2, 3 and 4 of this section. The exemption permitted by this subsection does not exempt a candidate or the treasurer of his existing candidate committee from complying with the requirements of subsections 6 and 7 of section 130.046 applicable to a prior election.

[6.] **5.** No nonpartisan candidate for supreme court, circuit court, or associate circuit court, or candidate for political

party office, or for municipal office in a city of ten thousand or less, or for any special purpose district office shall be required to file an exemption statement under this section in order to be exempted from forming a committee and filing disclosure reports required of committees under this chapter if the aggregate of contributions received or expenditures made by him and any other person with his knowledge and consent in support of his candidacy does not exceed one thousand dollars and the aggregate of contributions from any single contributor does not exceed two hundred fifty dollars. No candidate for any office listed in this subsection shall be excused from complying with the provisions of any section of this chapter, other than the filing of an exemption statement under the conditions specified in this subsection.

[7.] 6. If any candidate for an office listed in subsection 6 of this section exceeds the limits specified therein, the candidate shall form a committee which shall comply with all provisions of this chapter for committees.

130.046. 1. The disclosure reports required by section 130.041, for committees, including political party committees, but other than continuing committees, shall be filed at the following times and for the following periods:

(1) Not later than the fortieth day before an election for the period closing on the forty-fifth day before election; and

(2) Not later than the seventh day before an election for the period closing on the twelfth day before election; and

(3) Not later than the thirtieth day after an election for a period closing on the twenty-fifth day after the election; except that, a successful candidate who takes office prior to the twenty-fifth day after election shall have complied with the reporting requirement of this subdivision if a disclosure report is filed by such candidate and any candidate committee under the candidate's control before such candidate takes office, and such report shall be for the period closing on the day before taking office; [and]

(4) Not later than the twentieth day of April for the period ending the thirty-first of March for a candidate who has filed or a committee which has been formed after the thirty-first day of December of the previous year[.]; **and**

(5) Not later than the fifteenth day of a calendar quarter for that calendar quarter for a candidate who elects to file an exemption statement, pursuant to subsection 1 of section 130.016.

2. In the case of a ballot measure to be qualified to be on the ballot by initiative petition or referendum petition, or a recall petition seeking to remove an incumbent from office, disclosure reports relating to the time for filing such petitions shall be made as follows:

(1) In addition to the disclosure reports required to be filed before and after elections in accordance with subdivisions (1), (2), (3) and (4) of subsection 1 of this section, the treasurer of a committee, other than a continuing committee, supporting or opposing a petition effort to qualify a measure to appear on the ballot or to remove an incumbent from office shall file an initial disclosure report fifteen days after the committee begins the process of raising or spending money. After such initial report, the committee shall file quarterly disclosure reports until such time as the reports required under subdivisions (1), (2), (3) and (4) of subsection 1 of this section are to be filed. In addition the committee shall file a second disclosure report no later than the fifteenth day after the deadline date for submitting such petitions. The period covered in the initial report shall begin on the day the committee first accepted contributions or made expenditures to support or oppose the petition effort for qualification of the measure and shall close on the fifth day prior to the date of the report;

(2) If the measure has qualified to be on the ballot in an election, and if a committee subject to the requirements of subdivision (1) of this subsection is also required to file a preelection disclosure report for that election any time within thirty days after the date on which disclosure reports are required to be filed in accordance with subdivision (1) of this subsection, the treasurer of such committee shall not be required to file the report required by subdivision (1) of this subsection, but shall include in the committee's preelection report all information which would otherwise have been required by subdivision (1) of this subsection.

3. The treasurer of a continuing committee shall file quarterly disclosure reports pursuant to this subsection, except for any calendar quarter in which the contributions received by the continuing committee or the expenditures or contributions made by the continuing committee do not exceed one thousand dollars. The reporting dates and periods

covered for such quarterly reports shall not be later than the fifteenth day of January, April, July and October for periods closing on the thirty-first day of December, the thirty-first day of March, the thirtieth day of June and the thirtieth day of September. Each report by such continuing committees shall be cumulative from the date of the last report. In the case of the continuing committee's first report, the report shall be cumulative from the date of the continuing committee's organization.

4. The reports required to be filed not later than the seventh day before an election and not later than the thirtieth day after an election and any subsequently required reports shall be cumulative so as to reflect the total receipts and disbursements of the reporting committee for the entire election campaign in question. The period covered by each disclosure report shall begin on the day after the closing date of the most recent disclosure report filed and end on the closing date for the period covered. If the committee has not previously filed a disclosure report, the period covered begins on the date the committee was formed, except that in the case of a candidate committee, the period covered begins on the date the candidate became a candidate according to the definition of the term "candidate" in section 130.011.

5. Other provisions of this chapter to the contrary:

(1) Certain disclosure reports pertaining to any candidate who receives nomination in a primary election and thereby seeks election in the immediately succeeding general election shall not be required in the following cases:

(a) If there are less than fifty days between a primary election and the immediately succeeding general election, the disclosure report required to be filed not later than the fortieth day before the general election need not be filed, provided that any other report required to be filed prior to the primary election and all other reports required to be filed not later than the seventh day before the general election are filed no later than the final dates for filing such reports;

(b) If there are less than eighty-five days between a primary election and the immediately succeeding general election, the disclosure report required to be filed not later than the thirtieth day after the primary election need not be filed, provided that any report required to be filed prior to the primary election and any other report required to be filed prior to the general election are filed no later than the final dates for filing such reports; and

(2) No disclosure report need be filed for any reporting period if during that reporting period the committee, including a candidate committee, has neither received contributions aggregating more than one thousand dollars nor made expenditures aggregating more than one thousand dollars and has not received contributions aggregating more than two hundred fifty dollars from any single contributor and if the committee's treasurer files under oath a statement with the appropriate officer that neither the aggregate of contributions received by the committee during that reporting period nor the aggregate expenditures made by the committee during that reporting period exceeded one thousand dollars and the committee did not receive contributions from any one person aggregating more than two hundred fifty dollars during that reporting period. Any contributions received or expenditures made which are not reported because this statement is filed in lieu of a disclosure report must be included in the next disclosure report filed by the committee. This statement shall not be filed in lieu of two or more consecutive disclosure reports if either the contributions received or expenditures made in the aggregate during those reporting periods exceed one thousand dollars and shall not be filed in lieu of the report required to be filed not later than the thirtieth day after an election if that report would show a deficit of more than one thousand dollars.

6. (1) If the disclosure report required to be filed by a committee not later than the thirtieth day after an election shows a deficit of unpaid loans and other outstanding obligations in excess of five thousand dollars, semiannual supplemental disclosure reports shall be filed with the appropriate officer for each succeeding semiannual period until the deficit is reported in a disclosure report as being reduced to five thousand dollars or less, except that a supplemental semiannual report shall not be required for any semiannual period which includes the closing date for the reporting period covered in any regular disclosure report which the committee is required to file in connection with an election. The reporting dates and periods covered for semiannual reports shall be not later than the fifteenth day of January and July for periods closing on the thirty-first day of December and the thirtieth day of June.

(2) Committees required to file reports under subsection 2 or 3 of this section, which are not otherwise required to file disclosure reports for an election, shall file semiannual reports as required by this subsection if their last required

disclosure report shows a total of unpaid loans and other outstanding obligations in excess of five thousand dollars.

7. (1) If a committee, including a candidate committee, during any calendar year, receives contributions or makes expenditures aggregating more than one thousand dollars or receives an aggregate of more than two hundred fifty dollars from any one person, an additional disclosure report shall be filed not later than the fifteenth day of January for the period closing on the preceding thirty-first day of December, except that such disclosure report shall not be required if, within sixty days prior to or following the thirty-first day of December, the committee is required to file any other disclosure report.

(2) Committees required to file reports under subsection 2 of this section, which are not otherwise required to file reports for an election, shall file annual supplemental reports if, after filing the report required by subsection 2 of this section, the committee has additional financial activities during a calendar year in excess of the dollar amounts established by this subsection.

8. In the case of a committee which disbands and is required to file a termination statement under the provisions of section 130.021 with the appropriate officer not later than the tenth day after the committee was dissolved, the committee treasurer shall attach to the termination statement a complete disclosure report for the period closing on the date of dissolution. A committee shall not utilize the provisions of subsection 8 of section 130.021 or the provisions of this subsection to circumvent or otherwise avoid the reporting requirements of subsection 6 or 7 of this section.

9. Disclosure reports shall be filed with the appropriate officer not later than 5:00 p.m. prevailing local time of the day designated for the filing of the report, and a report postmarked not later than midnight of the day previous to the day designated for filing the report shall be deemed to have been filed in a timely manner. The appropriate officer may establish a policy whereby disclosure reports may be filed by facsimile transmission."; and

Petitions submitted by proposing agents may be submitted with exclusions for the signatures collected in areas originally included in the proposal but subsequently annexed or incorporated separately as a city, town or village, although the commission shall be satisfied as to the sufficiency of the signatures for the final proposed area;

(5) "Simplified boundary change", an annexation initiated by a verified petition signed by seventy-five percent of the residential property owners of all fee interests of record of the area proposed for annexation and filed by the annexing municipality and which the commission determines and finds should be approved without voter approval;

(1) As provided in subsection 3 of this section; or

Notice of such boundary changes shall be provided to the commission.

5. The commission shall be composed of eleven members as provided in this subsection. In the event that rounding would result in more than six members from the three municipal appointing authorities, then rounding up shall not apply to the appointing authority farthest from the next higher sixteen and two-thirds percent. Percentages and populations shall be calculated according to the last federal decennial census. They shall be calculated as of June 30, 1995.

Each appointing authority shall act to ensure that each appointee is secured accurately and in a timely manner, when a member's term expires or as soon as possible when a member is unable to complete his term. A member whose term has expired shall continue to serve until his successor is appointed and qualified.

8. The commission, its employees and subcontractors shall be subject to the regulation of conflicts of interest as defined in sections 105.450 to 105.498, RSMo, and to the requirements for open meetings and records under chapter 610, RSMo.

The purpose and intent of sections 144.010 to 144.510 is to impose a tax upon the privilege of engaging in the business, in this state, of selling tangible personal property and those services listed in section 144.020. The primary tax burden is placed upon the seller making the taxable sales of property or service and is levied at the rate provided for in section 144.020. Excluding sections 144.070, 144.440 and 144.450, the extent to which a seller is required to collect the tax from the purchaser of the taxable property or service is governed by section 144.285 and in no way affects sections 144.080 and 144.100, which require all sellers to report to the director of revenue their "gross receipts", defined herein to mean the aggregate amount of the sales price of all sales at retail, and remit tax at [four] **three and three-**

fourths percent of their gross receipts. **However, beginning July 1, 1999, the tax rate under this section shall return to four percent of gross receipts.**

144.440. 1. In addition to all other taxes now or hereafter levied and imposed upon every person for the privilege of using the highways or waterways of this state, there is hereby levied and imposed a tax equivalent to [four] **three and three-fourths** percent of the purchase price, as defined in section 144.070, which is paid or charged on new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. **However, beginning July 1, 1999, the tax rate under this section shall return to four percent of the purchase price.**

2. At the time the owner of any such motor vehicle, trailer, boat, or outboard motor makes application to the director of revenue for an official certificate of title and the registration of the same as otherwise provided by law, he shall present to the director of revenue evidence satisfactory to the director showing the purchase price paid by or charged to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that the motor vehicle, trailer, boat, or outboard motor is not subject to the tax herein provided and, if the motor vehicle, trailer, boat, or outboard motor is subject to the tax herein provided, the applicant shall pay or cause to be paid to the director of revenue the tax provided herein.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. No certificate of title shall be issued for such motor vehicle, trailer, boat, or outboard motor unless the tax for the privilege of using the highways or waters of this state has been paid or the vehicle, trailer, boat, or outboard motor is registered under the provisions of subsection 5 of this section.

5. The owner of any motor vehicle, trailer, boat, or outboard motor which is to be used exclusively for rental or lease purposes may pay the tax due thereon required in section 144.020 at the time of registration or in lieu thereof may pay a use tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A use tax shall be charged and paid on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in the state. If the owner elects to pay upon each rental or lease, he shall make an affidavit to that effect in such form as the director of revenue shall require and shall remit the tax due at such times as the director of revenue shall require.

6. In the event that any leasing company which rents or leases motor vehicles, trailers, boats, or outboard motors elects to collect a use tax, all of its lease receipt would be subject to the use tax, regardless of whether or not the leasing company previously paid a sales tax when the vehicle, trailer, boat, or outboard motor was originally purchased.

7. The provisions of this section, and the tax imposed by this section, shall not apply to manufactured homes.

Section 1. The provisions of section 144.190, RSMo, to the contrary notwithstanding, no refund or credit of sales or use tax erroneously collected and remitted by the person legally obligated to remit the tax shall be allowed under the provisions of section 144.190, RSMo, unless the person legally obligated to remit the tax demonstrates to the director of revenue's satisfaction that all erroneously collected amounts have been refunded directly to the persons that originally paid the tax or the person legally obligated to remit the tax proves to the director of revenue's satisfaction that the tax originally reported and remitted to the director was not collected from purchasers but was paid by the person. This section shall apply to all refund applications received after the effective date of this act.

Section B. Because of the need to reduce state revenues, this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 1 of this act shall be in full force and effect upon its passage and approval; and sections 144.020, 144.021 and 144.440 shall be in full force and effect upon its passage and approval or on July 1, 1996, whichever is later."; and

Further amend the title and enacting clause accordingly.

Senator Lybyer moved that the above amendment be adopted.

Senator Schneider offered **SSA 1** for **SA 3**:

value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(5) A tax equivalent to [four] **three and seven-eighths** percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(8) A tax equivalent to [four] **three and seven-eighths** percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of "sale at retail" as defined in subdivision (8) of section 144.010 and the tax was paid at the time of purchase, the lessor or renter shall not apply or collect the tax on the subsequent lease or rental receipts from that property. The purchase or use of motor vehicles, trailers, boats, and outboard motors shall be taxed and the tax paid as provided in sections 144.070 and 144.440, and no such tax shall then be collected on the rental or lease of motor vehicles, trailers, boats, and outboard motors, except as provided in sections 144.070 and 144.440. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof.

2. All tickets sold which are sold under the provisions of sections 144.010 to 144.510 which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax."

3. Beginning January 1, 1997 the rate of tax imposed under subsection 1 of this section shall return to the rate equivalent to four percent of the amount paid, charged or exchanged.

144.021. The purpose and intent of sections 144.010 to 144.510 is to impose a tax upon the privilege of engaging in the business, in this state, of selling tangible personal property and those services listed in section 144.020. The primary tax burden is placed upon the seller making the taxable sales of property or service and is levied at the rate provided for in section 144.020. Excluding sections 144.070, 144.440 and 144.450, the extent to which a seller is required to collect the tax from the purchaser of the taxable property or service is governed by section 144.285 and in no way affects sections 144.080 and 144.100, which require all sellers to report to the director of revenue their "gross receipts", defined herein to mean the aggregate amount of the sales price of all sales at retail, and remit tax at [four] **three and seven-eighths** percent of their gross receipts. **However, beginning January 1, 1997, the tax rate under this section shall return to four percent of gross receipts.**

144.440. 1. In addition to all other taxes now or hereafter levied and imposed upon every person for the privilege of using the highways or waterways of this state, there is hereby levied and imposed a tax equivalent to [four] **three and seven-eighths** percent of the purchase price, as defined in section 144.070, which is paid or charged on new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. **However, beginning January 1, 1997, the tax rate under this section shall return to four percent of the purchase price.**

2. At the time the owner of any such motor vehicle, trailer, boat, or outboard motor makes application to the director of revenue for an official certificate of title and the registration of the same as otherwise provided by law, he shall present to the director of revenue evidence satisfactory to the director showing the purchase price paid by or charged to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that the motor vehicle, trailer, boat, or outboard motor is not subject to the tax herein provided and, if the motor vehicle, trailer, boat, or outboard motor is subject to the tax herein provided, the applicant shall pay or cause to be paid to the director of revenue the tax provided herein.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisalment by the director.

4. No certificate of title shall be issued for such motor vehicle, trailer, boat, or outboard motor unless the tax for the privilege of using the highways or waters of this state has been paid or the vehicle, trailer, boat, or outboard motor is registered under the provisions of subsection 5 of this section.

5. The owner of any motor vehicle, trailer, boat, or outboard motor which is to be used exclusively for rental or lease purposes may pay the tax due thereon required in section 144.020 at the time of registration or in lieu thereof may pay a use tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A use tax shall be charged and paid on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in the state. If the owner elects to pay upon each rental or lease, he shall make an affidavit to that effect in such form as the director of revenue shall require and shall remit the tax due at such times as the director of revenue shall require.

6. In the event that any leasing company which rents or leases motor vehicles, trailers, boats, or outboard motors elects to collect a use tax, all of its lease receipt would be subject to the use tax, regardless of whether or not the leasing company previously paid a sales tax when the vehicle, trailer, boat, or outboard motor was originally purchased.

7. The provisions of this section, and the tax imposed by this section, shall not apply to manufactured homes.

Section 1. 1. As used in this section, the following terms shall mean:

(1) "Maternity home", a residential facility located in this state established for the purpose of providing housing and assistance to pregnant women who are carrying their pregnancies to term, and which is exempt from income taxation under the United States Internal Revenue Code;

(2) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143, RSMo, chapter 147, RSMo, chapter 148, RSMo, and chapter 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143, RSMo;

of chapter 143, RSMo.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a maternity home.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. A taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a maternity home or homes in such taxpayer's taxable year is at least one hundred dollars.

5. The director of the department of health shall determine, at least annually, which facilities in this state may be classified as maternity homes. The director of the department of health may require of a facility seeking to be classified as a maternity home whatever information is reasonably necessary to make such a determination. The director of the department of health shall classify a facility as a maternity home if such facility meets the definition set forth in subsection 1 of this section.

6. The director of the department of health shall establish a procedure by which a taxpayer can determine if a facility has been classified as a maternity home, and by which such taxpayer can then contribute to such maternity home and claim a tax credit. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to maternity homes in any one fiscal year shall not exceed one million dollars.

7. The director of the department of health shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director of the department of health, the cumulative amount of tax credits are equally apportioned among all facilities classified as maternity homes. If a maternity home fails to use all, or some percentage to be determined by the director of the department of health, of its apportioned tax credits during this predetermined period of time, the director of the department of health may reapportion these unused tax credits to those maternity homes that have used all, or some percentage to be determined by the director of the department of health, of their apportioned tax credits during this predetermined period of time. The director of the department of health may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of the department of health shall establish the procedures described herein in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. The director of the department of health shall promulgate such rules as are necessary to achieve the purposes of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

Section 2. 1. For tax returns filed on or after January 1, 1997 a Missouri resident individual taxpayer shall be eligible for a food tax credit, in the amount of fifteen dollars per dependent claimed, against the tax otherwise due under chapter 143, RSMo.

2. Any resident who does not file a return under this chapter and who was not claimed as a dependent by a resident individual taxpayer may file for the credit authorized herein on forms provided by the director of revenue.

3. This section shall take effect only if no sales tax reduction or credit is made under section 144.022.

Section 3. 1. As used in this section, the following terms shall mean:

(1) "Shelter for victims of domestic violence", a facility located in this state which meets the definition of a

shelter for victims of domestic violence under section 455.200, RSMo, and which meets the requirements of section 455.220, RSMo;

(2) "State tax liability", in the case of a business taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143, RSMo, chapter 147, RSMo, chapter 148, RSMo, and chapter 153, RSMo, exclusive of the provisions relating to the withholding of tax as provided for in sections 143.191 to 143.265, RSMo, and related provisions, and in the case of an individual taxpayer, any liability incurred by such taxpayer under the provisions of chapter 143, RSMo;

(3) "Taxpayer", person, firm, a partner in a firm, corporation or a shareholder in an S corporation doing business in the state of Missouri and subject to the state income tax imposed by the provisions of chapter 143, RSMo, or a corporation subject to the annual corporation franchise tax imposed by the provisions of chapter 147, RSMo, or an insurance company paying an annual tax on its gross premium receipts in this state, or other financial institution paying taxes to the state of Missouri or any political subdivision of this state under the provisions of chapter 148, RSMo, or an express company which pays an annual tax on its gross receipts in this state pursuant to chapter 153, RSMo, or an individual subject to the state income tax imposed by the provisions of chapter 143, RSMo.

2. A taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability, in an amount equal to fifty percent of the amount such taxpayer contributed to a shelter for victims of domestic violence.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the taxable year that the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per taxable year. However, any tax credit that cannot be claimed in the taxable year the contribution was made may be carried over to the next four succeeding taxable years until the full credit has been claimed.

4. A taxpayer shall not be allowed to claim a tax credit unless the total amount of such taxpayer's contribution or contributions to a shelter or shelters for victims of domestic violence in such taxpayer's taxable year is at least one hundred dollars.

5. The director of public safety shall determine, at least annually, which facilities in this state may be classified as shelters for victims of domestic violence. The director of public safety may require of a facility seeking to be classified as a shelter for victims of domestic violence whatever information is reasonably necessary to make such a determination. The director of public safety shall classify a facility as a shelter for victims of domestic violence if such facility meets the definition set forth in subsection 1 of this section.

6. The director of public safety shall establish a procedure by which a taxpayer can determine if a facility has been classified as a shelter for victims of domestic violence, and by which such taxpayer can then contribute to such shelter for victims of domestic violence and claim a tax credit. The cumulative amount of tax credits which may be claimed by all the taxpayers contributing to shelters for victims of domestic violence in any one fiscal year shall not exceed one million dollars.

7. The director of public safety shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the director of public safety, the cumulative amount of tax credits are equally apportioned among all facilities classified as shelters for victims of domestic violence. If a shelter for victims of domestic violence fails to use all, or some percentage to be determined by the director of public safety, of its apportioned tax credits during this predetermined period of time, the director of public safety may reapportion these unused tax credits to those shelters for victims of domestic violence that have used all, or some percentage to be determined by the director of public safety, of their apportioned tax credits during this predetermined period of time. The director of public safety may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director of public safety shall establish the procedures described herein in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

8. The director of public safety shall promulgate such rules as are necessary to achieve the purposes of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.

575.130. 1. A person commits the crime of simulating legal process if, with purpose to mislead the recipient and cause him to take action in reliance thereon, he delivers or causes to be delivered:

(1) A request for the payment of money on behalf of any creditor that in form and substance simulates any legal process issued by any court of this state; or

(2) Any purported summons, subpoena or other legal process knowing that the process was not issued or authorized by any court.

2. This section shall not apply to a subpoena properly issued by a notary public.

3. Simulating legal process is a class B misdemeanor.

4. No person shall file a nonconsensual common law lien as defined in section 1 of this act.

5. A violation of subsection 4 of this section is a class B misdemeanor.

6. Subsection 4 of this section shall not apply to a filing officer as defined in section 1 of this act that is acting in the scope of employment.

Section 1. 1. For the purposes of sections 1 to 7 of this act:

(1) "Court" is the United States Supreme Court, Federal Courts of Appeal, Federal District Courts, Federal Magistrates, Federal Administrative Courts, Missouri supreme court, Missouri courts of appeal, Missouri circuit courts, and Missouri associate circuit courts but shall not include municipal courts;

(2) "Filing officer" is the secretary of state, the recorder of deeds of any county, the circuit clerk of any county or any public official or authorized employee required by law to accept for filing and keep as a public record any lien, deed, instrument, judgment or other document, whether in paper, electronic or other form, required to be filed or recorded under the laws of this state;

(3) "Nonconsensual common law lien" is a document that purports to assert a lien against the assets, real or personal, of any person and that, regardless of any self-description:

(a) Is not expressly provided for by a specific state or federal statute;

(b) Does not depend upon the consent of the owner of the property affected or the existence of a contract for its existence; and

(c) Is not an equitable or constructive lien imposed by a state or federal court of competent jurisdiction.

2. Nothing in sections 1 to 7 of this act shall be construed to create a lien or interest in property not otherwise existing under state or federal law.

3. Nothing in sections 1 to 7 of this act shall be construed to permit a municipal court to create a lien or interest in property not otherwise existing under state or federal law.

Section 2. 1. Any filing officer may reject for filing or recording any nonconsensual common law lien. This section shall not be construed to permit rejection of a document that is shown to be authorized by contract, lease or statute or imposed by a state or federal court of competent jurisdiction or filed by a licensed attorney, a financial institution including, but not limited to, any commercial bank, savings and loan association or credit union or a Missouri state licensed mortgage company or mortgage broker.

2. If a nonconsensual common law lien has been accepted for filing, the filing officer shall accept for filing a sworn notice of invalid lien on a form provided by the filing officer signed and submitted by the person against whom such lien was filed or such person's attorney. The form shall be captioned "Notice of Invalid Lien" and shall state the name and address of the person on whose behalf such notice is filed, the name and address of the lien claimant and a clear reference to the document or documents the person believes constitute a nonconsensual common law lien. A copy of the notice of invalid lien shall be mailed by the filing officer to the lien claimant at the lien claimant's last known address within one business day. No filing officer, county or the state shall be liable for the acceptance for filing of a nonconsensual common law lien, nor for the acceptance for filing of a sworn notice of invalid lien pursuant to this subsection.

Section 3. Any person who attempts to file a lien against real or personal property that is rejected pursuant to subsection 1 of section 2 of this act may petition the circuit court of the county of the filing officer that rejected such lien for an order, which may be granted ex parte, directing the filing officer to file or record the lien pending a hearing on whether the lien constitutes a nonconsensual common law lien. The lien claimant shall appear before the court as the petitioner within ten business days following the date of service of the petition and order on the filing officer, and show cause, if any, why the lien should not be declared void and other relief provided for by section 5 of this act should not be granted. The petition shall state the grounds upon which relief is requested, and shall be supported by the affidavit of the petitioner or the petitioner's attorney setting forth a concise statement of the facts upon which the claim for relief is based.

Section 4. Any person who has real or personal property or an interest therein, which is subject to a recorded nonconsensual common law lien who believes such lien is invalid may petition the circuit court of the county in which the lien has been recorded or filed for an order, which may be granted ex parte, directing the lien claimant to appear before the court within ten business days following the date of service of the petition and order on the lien claimant, and show cause, if any, why the claim of lien should not be declared void and other relief provided for by section 5 of this act should not be granted. The petition shall state the grounds upon which relief is requested, and shall be supported by the affidavit of the petitioner or the petitioner's attorney setting forth a concise statement of the facts upon which the claim for relief is based.

Section 5. 1. Any order rendered pursuant to section 3 or 4 of this act shall clearly state that if the lien claimant fails to appear at the time and place noted, the claim of lien shall be declared void ab initio and released and that the lien claimant shall be ordered to pay the costs incurred by any other party to the proceeding, including reasonable attorney's fees.

2. If, following a hearing on the matter, the court determines that the document at issue is a nonconsensual

common law lien, the court shall issue an order declaring the lien void ab initio, releasing the lien and awarding costs and reasonable attorney's fees to the prevailing party.

3. If the court determines that the claim of lien is valid, the court shall issue an order so stating and may award costs and reasonable attorney's fees to the prevailing party.

4. A certified copy of any order rendered pursuant to this section shall be filed by the circuit clerk in the office of the appropriate filing officer.

Section 6. Filing officers and any employees thereof, acting in the scope of employment, shall not be liable for damages pursuant to sections 1 to 5 of this act and, except as otherwise provided by law, shall not be required to defend decisions to accept or reject any documents.

Section 7. Any person who records or files in the office of a filing officer:

(1) Any document purporting to create a nonconsensual common law lien against real or personal property; or

(2) A notice of invalid lien pursuant to subsection 2 of section 2 of this act with respect to a valid lien and which the filer knew to be false at the time of filing; shall be liable to the damaged party for actual damages or five thousand dollars, whichever is greater plus costs and reasonable attorney's fees.

Section E. Because immediate action is necessary to prevent injustice, section D of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section D of this act shall be in full force and effect upon its passage and approval."

"208.169. 1. Notwithstanding other provisions of this chapter, including but not limited to sections 208.152, 208.153, 208.159 and 208.162:

(1) There shall be no revisions to a facility's reimbursement rate for providing nursing care services under this chapter upon a change in ownership, management control, operation, stock, leasehold interests by whatever form for any facility previously licensed or certified for participation in the medicaid program. Increased costs for the successor owner, management or leaseholder that result from such a change shall not be recognized for purposes of reimbursement,

(2) In the case of a newly built facility or part thereof which is less than two years of age and enters the Title XIX program under this chapter after July 1, 1983, a reimbursement rate shall be assigned based on the lesser of projected estimated operating costs or one hundred ten percent of the median rate for the facility's class to include urban and rural categories for each level of care including ICF only and SNF/ICF. The rate set under this provision shall be effective for a period of twelve months from the effective date of the provider agreement at which time the rate for the future year

shall be set in accordance with reported costs of the facility recognized under the reimbursement plan and as provided in subdivisions (3) and (4) of this subsection. Rates set under this section may in no case exceed the maximum ceiling amounts in effect under the reimbursement regulation;

(3) Reimbursement for capital related expenses for newly built facilities entering the Title XIX program after March 18, 1983, shall be calculated as the building and building equipment rate, movable equipment rate, land rate, and working capital rate.

(a) The building and building equipment rate will be the lower of:

a. Actual acquisition costs, which is the original cost to construct or acquire the building, not to exceed the costs as determined in section 197.357, RSMo; or

b. Reasonable construction or acquisition cost computed by applying the regional Dodge Construction Index for 1981 with a trend factor, if necessary, or another current construction cost measure multiplied by one hundred eight percent as an allowance for fees authorized as architectural or legal not included in the Dodge Index Value, multiplied by the square footage of the facility not to exceed three hundred twenty-five square feet per bed, multiplied by the ratio of forty minus the actual years of the age of the facility divided by forty; and multiplied by a return rate of twelve percent; and divided by ninety-three percent of the facility's total available beds times three hundred sixty-five days.

(b) The maximum movable equipment rate will be fifty-three cents per bed day.

(c) The maximum allowable land area is defined as five acres for a facility with one hundred or less beds and one additional acre for each additional one hundred beds or fraction thereof for a facility with one hundred one or more beds.

(d) The land rate will be calculated as:

a. For facilities with land areas at or below the maximum allowable land area, multiply the acquisition cost of the land by the return rate of twelve percent, divide by ninety-three percent of the facility's total available beds times three hundred sixty-five days.

b. For facilities with land areas greater than the maximum allowable land area, divide the acquisition cost of the land by the total acres, multiply by the maximum allowable land area, multiply by the return rate of twelve percent, divide by ninety-three percent of the facility's total available beds times three hundred sixty-five days.

(e) The maximum working capital rate will be twenty cents per day;

(4) If a provider does not provide the actual acquisition cost to determine a reimbursement rate under subparagraph a. of paragraph (a) of subdivision (3) of subsection 1 of this section, the sum of the building and building equipment rate, movable equipment rate, land rate, and working capital rate shall be set at a reimbursement rate of six dollars;

(5) For each state fiscal year a negotiated trend factor shall be applied to each facility's Title XIX per diem reimbursement rate. The trend factor shall be determined through negotiations between the department and the affected providers and is intended to hold the providers harmless against increase in cost. In no circumstances shall the negotiated trend factor to be applied to state funds exceed the health care finance administration market basket price index for that year. The provisions of this subdivision shall apply to fiscal year 1996 and thereafter.

2. The provisions of subdivisions (1), (2), (3), and (4) of subsection 1 of this section shall remain in effect until July 1, 1989, unless otherwise provided by law.

[3. The provisions of this section shall not apply in any respect for any reason to any intermediate care facility exclusively for the mentally retarded/developmentally disabled which entered the Title XIX program after July 1, 1983.]; and

There is hereby established a "Higher Education Academic Scholarship Program" and any moneys appropriated by the general assembly for this program shall be used to provide scholarships for Missouri citizens to attend a Missouri college or university of their choice pursuant to the provisions of this section.

2. The definitions of terms set forth in section 173.205 shall be applicable to such terms as used in this section. The term "academic scholarship" means an amount of money paid by the state of Missouri to a qualified college or university student who has demonstrated superior academic achievement pursuant to the provisions of this section.

3. The coordinating board for higher education shall be the administrative agency for the implementation of the program established by this section, and shall:

(1) Promulgate reasonable rules and regulations for the exercise of its functions and the effectuation of the purposes of this section, including regulations for granting scholarship deferments;

(2) Prescribe the form and the time and method of awarding academic scholarships, and shall supervise the processing thereof; and

(3) Select qualified recipients to receive academic scholarships, make such awards of academic scholarships to qualified recipients and determine the manner and method of payment to the recipient.

4. A student shall be eligible for initial or renewed academic scholarship if he or she is in compliance with the eligibility requirements set forth in section 173.215 excluding the requirement of financial need and undergraduate status **and excluding the provisions of subdivision (6) of subsection 1 of section 173.215**, and in addition meets the following requirements:

In the freshman year of college, scholarship recipients are required to maintain status as a full-time student;

(2) Academic scholarships are renewable if the recipient remains in compliance with the applicable provisions of section 173.215 and the recipient makes satisfactory academic degree progress as a full-time student.

5. A student who is enrolled or has been accepted for enrollment as a postsecondary student at an approved private or public institution beginning with the fall, 1987, term and who meets the other eligibility requirements for an academic scholarship shall, within the limits of the funds appropriated and made available, be offered an academic scholarship in the amount of two thousand dollars for the first academic year of study, which scholarship shall be renewable in the amount of two thousand dollars annually for the second, third and fourth academic years or as long as the recipient is in

compliance with the applicable eligibility requirements set forth in section 173.215 **except as provided in this section**, provided those years of study are continuous and the student continues to meet eligibility requirements for the scholarship; provided, however, if a recipient ceases all attendance at an approved public or private institution for the purpose of providing service to a nonprofit organization, a state or federal government agency or any branch of the armed forces of the United States, the recipient shall be eligible for a renewal scholarship upon return to any approved public or private institution, provided the recipient:

- (1) Returns to full-time status within twenty-seven months;
- (2) Provides verification in compliance with coordinating board for higher education rules that the service to the nonprofit organization was satisfactorily completed and was not compensated other than for expenses or that the service to the state or federal governmental agency or branch of the armed forces of the United States was satisfactorily completed; and
- (3) Meets all other requirements established for eligibility to receive a renewal scholarship.

6. A recipient of academic scholarship awarded under this section may transfer from one approved Missouri public or private institution to another without losing eligibility for the scholarship. If a recipient of the scholarship at any time withdraws from an approved private or public institution so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees or other charges, the institution shall pay the portion of the refund attributable to the scholarship for that term to the coordinating board for higher education.

7. Other provisions of this section to the contrary notwithstanding, if a recipient has been awarded an initial academic scholarship pursuant to the provisions of this section but is unable to use the scholarship during the first academic year because of illness, disability, pregnancy or other medical need or if a recipient ceases all attendance at an approved public or private institution because of illness, disability, pregnancy or other medical need, the recipient shall be eligible for an initial or renewal scholarship upon enrollment in or return to any approved public or private institution, provided the recipient:

- (1) Enrolls in or returns to full-time status within twenty-seven months;
- (2) Provides verification in compliance with coordinating board for higher education rules of sufficient medical evidence documenting an illness, disability, pregnancy or other medical need of such person to require that that person will not be able to use the initial or renewal scholarship during the time period for which it was originally offered; and

The notice shall advise either:

(1) That the division has determined that there is probable cause to suspect abuse or neglect exists and that the division shall retain all identifying information regarding the abuse or neglect; that such information shall remain confidential and will not be released except to law enforcement agencies, prosecuting or circuit attorneys, or as provided in section 210.150; that the alleged perpetrator has sixty days from the date of receipt of the notice to seek reversal of the division's determination through a review by the child abuse and neglect review board as provided in subsection 3 of this section;

(2) There is insufficient probable cause of abuse or neglect. **The notice will also inform the person who is the subject of a report where there is insufficient evidence of abuse or neglect, of the right to file a written appeal with the director of the division of family services to order the records be removed from the division and destroyed. The notification must continue and state that if the person who is the subject of a report where there is insufficient evidence of abuse or neglect, is aggrieved by the decision of the director of the division of family services not to remove and destroy the records, such person may petition the circuit court to order the records removed from the division and destroyed.**

3. Any person named in an investigation as a perpetrator who is aggrieved by a determination of abuse or neglect by the division as provided in this section may seek an administrative review by the child abuse and neglect review board pursuant to the provisions of section 210.153. Such request for review shall be made within sixty days of notification of the division's decision under this section. In those cases where criminal charges arising out of facts of the investigation are pending, the request review shall be made within sixty days from the court's final disposition or dismissal of the charges.

The child abuse and neglect review board hearing shall be closed to all persons except the parties, their attorneys and those persons providing testimony on behalf of the parties.

5. If the alleged perpetrator is aggrieved by the decision of the child abuse and neglect review board, the alleged perpetrator may seek de novo judicial review in the circuit court in the county in which the alleged perpetrator resides and in circuits with split venue, in the venue in which the alleged perpetrator resides, or in Cole County. If the alleged perpetrator is not a resident of the state, proper venue shall be in Cole County. The case may be assigned to the family court division where such a division has been established. The request for a judicial review shall be made within sixty days of the notification of the decision of the child abuse and neglect review board decision. In reviewing such decisions, the circuit court shall provide the alleged perpetrator the opportunity to appear and present testimony. The alleged perpetrator may subpoena any witnesses except the alleged victim or the reporter. However, the circuit court shall have the discretion to allow the parties to submit the case upon a stipulated record.

6. In any such action for administrative review the child abuse and neglect review board shall notify the child or the parent, guardian or legal representative of the child that a review has been requested.

210.183. 1. At the time of the initial investigation of a report of child abuse or neglect, the division employee conducting the investigation shall provide the alleged perpetrator with a written description of the investigation process. Such written notice shall be given substantially in the following form:

The investigation is being undertaken by the Division of Family Services pursuant to the requirements of chapter 210 of the Revised Missouri Statutes in response to a report of child abuse or neglect.

The identity of the person who reported the incident of abuse or neglect is confidential and may not even be known to the Division since the report could have been made anonymously.

This investigation is required by law to be conducted in order to enable the Division of Family Services to identify incidents of abuse or neglect in order to provide protective or preventive social services to families who are in need of such services.

The division shall make every reasonable attempt to complete the investigation within thirty days. Within ninety days you will receive a letter from the Division which will inform you of one of the following:

(1) That the Division has found insufficient evidence of abuse or neglect; **that the subject of a report where there is insufficient evidence of abuse or neglect has the right to file a written appeal with the director of the division of family services to order the records be removed from the division and destroyed. The notification must continue and state that if the person who is the subject of a report where there is insufficient evidence of abuse or neglect, is aggrieved by the decision of the director of the division of family services not to remove and destroy the records, such person may petition the circuit court to order the records removed from the division and destroyed;** or

(2) That there appears to be probable cause to suspect the existence of child abuse or neglect in the judgment of the Division and that the Division will contact the family to offer social services.

If the Division finds there is probable cause to believe child abuse or neglect has occurred or the case is substantiated by court adjudication, a record of the report and information gathered during the investigation will remain on file with the Division.

If you disagree with the determination of the Division and feel that there is insufficient probable cause to believe abuse or neglect has occurred, you have a right to request an administrative review at which time you may hire an attorney to represent you. If you request an administrative review on the issue, you will be notified of the date and time of your administrative review hearing by the child abuse and neglect review board. If the division s decision is reversed by the child abuse and neglect review board, the Division records concerning the report and investigation will be updated to reflect such finding. If the child abuse and neglect review board upholds the division s decision, an appeal may be filed in circuit court within sixty days of the child abuse and neglect review board s decision.

2. If the division uses the family assessment approach, the division shall at the time of the initial contact provide the parent of the child with the following information:

- (1) The purpose of the contact with the family;
- (2) The name of the person responding and his office telephone number;
- (3) The assessment process to be followed during the division s intervention with the family including the possible services available and expectations of the family."
